FERDINAND J. S. GORGAS, M.D., D.D.S.

Professor of the Principles of Dental Science
Dean of the Baltimore College of Dental Surgery
1865-1882
Dean of the Dental Department University of Maryland
1882-1911
An Excerpt
From
An Address During the Centennial Proceedings
at the Mass Meeting of All Alumni
of the University of Maryland

January 22, 1907

"The province of the dentist today is not circumscribed, for properly educated he is prepared to exercise the functions of an oral surgeon. While mechanical skill is an indispensable requisite, yet a pre-requisite to his success is a knowledge that will enable him to treat successfully the various diseases to which the oral cavity is subject. Artificial substitutions in both surgery and dentistry have been gradually perfected through the ingenuity of man, until the part supplied has been made to serve the purpose of the lost member in a remarkably efficient manner. A high type of art has come into play and attention is directed to the concealment of artificiality. Surgery has made notable progress along this line, but dentistry has far outstripped it, probably because the need of it seems the greater."

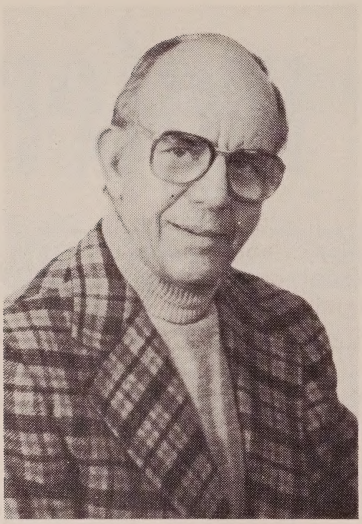
The Alma Mater is owned and published by the Alumni Association of the Baltimore College of Dental Surgery, Dental School, University of Maryland and issued annually in the Spring. Material submitted for publication should be sent to the Editor. Subscription rate is $1.50 per year. For information concerning advertising, write to the Business Manager. "Be it resolved that the Alumni Association of the Baltimore College of Dental Surgery, Dental School, University of Maryland, and the staff of this journal, although publishing reports of the various officers, standing committees, essays and other material submitted to the staff of this journal, accept no responsibility for the opinions, theories, and criticisms therein contained.

President's Message



William T. Strahan, '48

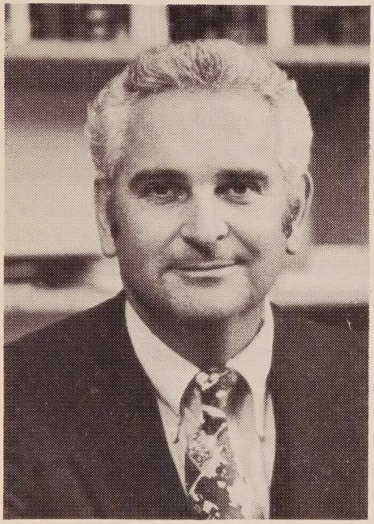
Prior to your attending B.C.D.S., this Alumni association was virtually unknown; and to a large percentage of our graduates, it is still unknown. We are an existing and functioning organization working to further fellowship among the graduates and help maintain and promote our outstanding Dental School. This large percentage amounts to about 80% of our alumni, so maybe we need to put more emphasis on our value to each of you.

Along this line of thinking, we are working on plans to offer certain discounts to our active members for excellent continuing Education Courses offered at B.C.D.S. as well as programs of the Independent Learning Center. Though this is just in the formative stages, we look forward to a future announcement. Already planned are Scientific Seminars at the Puerto Rico Section Meeting in January 1983 and the newly reorganized West Virginia Section in July 1983. We feel that by presenting these Scientific Seminars at section meetings we will help to make our get-together more meaningful. Should any section desire to have a lecture, please contact us.

Dr. Errol Reese, Dean, his faculty and Staff have been most cooperative in every possible way to promote the Alumni Association. We have had secretarial problems within the Alumni office, but the B.C.D.S. Staff and particularly Mrs. Nell Savopoulos has "Bent over backward" to help us keep abreast of the work load. This summer the school installed a computer terminal in the Alumni office. This terminal is part of a network which has been installed thru out the school, and to date we are working on the programming which will be beneficial to the alumni association and hopefully contain our membership records, class reunion information, as well as biographical and archival material. We also believe this will help the various sections to keep tract of their members and make it a little easier for them to organize. Also we are planning to develop a new section for the Dental Hygiene graduates. Hopefully this will give emphasis to this very important part of our dental team. Another expression of B.C.D.S. belief is that the Alumni are a viable group: Dr. Reese has appointed Dr. Joseph P. Cappuccio as Special Assistant to the Dean for Alumni Affairs. The announcement of this position was published in the Fall 1982 Edition of the *Forum* with full details as well as many other very interesting and informative articles.

This year, Alumni Week will be earlier than in the past — Beginning May 26, 1983 — MARK YOUR CALENDAR! The Seventh Hayden-Harris Lecture will be delivered by Dr. Reidel Sognnanes, Professor Emeritus, University of California. His topic will be an in depth Dental History. We will again be using Hunt Valley Inn as our headquarters for the Alumni functions. Please plan to be present.

The Dean's Good News Report



Dean Errol L. Reese, D.D.S.

Since I am an eternal optimist, the present flood of pessimism and bad news about our profession is most disturbing. It is obvious that the world economy, including the economics of the practice of dentistry, has changed. It should also be obvious to all that these changes will continue. From my discussions with many of you, it is apparent that the profession of dentistry has been particularly hard hit during recent years. The possible oversupply of dentists and/or an underdemand for dentistry, exacerbated by the number of unemployed in this country, have had a tremendous impact on our profession.

Under the circumstances it seems important for us to discuss some good news — and here at your Dental School good news truly abounds! Let me give you some examples of the very positive things that are going on here at BCDS. But first let me emphasize that many of these positive things are a result of *your* response and *your* generosity, and exemplify your support not only for your alma mater but also for your profession. I know you will agree that, without the profession of dentistry, you and I would not have the great life we now enjoy. Here are some details about progress at your alma mater:

1. The number of students applying to BCDS has remained constant for several years. Although the applicant pool across the nation has steadily decreased, young men and women are hearing about the fine reputation of your alma mater and continue to apply in record numbers. By the same token, as you may have noted from listings in spring issues of the *FORUM,* there has been a tremendous increase in the number of sons and daughters, nieces and nephews of our graduates enrolled and graduating from BCDS. This is truly a positive reflection of how our graduates feel about their profession and their school. In recognition of the importance of making this level of education available to students outside the state of Maryland, during the past five years we have steadily increased the number of out-of-state students accepted in our program. If you would like to talk with me about your son or daughter, or anyone else you believe might make a great addition to our student body and to our profession, please contact me directly by calling (301) 528-7460. We encourage you to help us find highly qualified students.

2. The special *ad hoc* committee to review the curriculum has completed its work, and I believe they have done an excellent job. Following the Faculty Retreat this fall, at which the committee presented its review to the full faculty body, the report was referred to the standing Curriculum Committee, which will be making specific recommendations for changes in the curriculum and the manner in which the curriculum is organized, reviewed and monitored. This intensive effort remains on schedule and it appears that, beginning in September 1983, the initial changes to the curriculum can be implemented. There is one question frequently asked concerning this review: "We have a great curriculum; why change it?" Our response is that changes are necessary not only to maintain the continuity of a good curriculum but also to insure that recent technology is added and outdated technology removed. Change and review, as well as ongoing monitoring of the curriculum, are extremely important if we are to maintain excellence. I hope that my next report to you will include, for your review, the recommendations adopted concerning our curriculum.
3. As announced in the most recent issue of *FORUM,* your Dental School is on the verge of establishing the Center for the Study of Human Performance in Dentistry. This massive research effort is being made possible through the contribution of almost all the necessary equipment by two organizations, the J. Morita Corporation and the Human Performance Institute. This new center will provide a research setting to test several important aspects of performance in dentistry as well as a new way of teaching clinical dentistry through the use of a dental simulator. It will also serve to provide continuing education to you and other practitioners in the years to come. I hope this physical facility will be open within the year.
4. The faculty of this Dental School, the first in the world, are providing continuing education in almost every corner of the world. BCDS will soon be designated a World Health Organization Collaborating Center. A group of our faculty recently returned from Japan after spending an intensive training period at the Human Performance Institute. Members of our faculty serve as consultants to the United States Armed Forces in Europe and Egypt as well as here in the United States. A group of our faculty are now beginning to assist in the development of non-traditional forms of practice. This is a most important activity if we are to maintain the high level of professionalism in what is called non-traditional practice. In the future what is now considered traditional may or may not exist, and I am sure that you join me in hoping that, whatever form the practice of dentistry takes in the future, your school, your faculty, and the high level of professionalism that always existed here can exert strong influence on the manner in which dentistry will be practiced during the next century.
5. The manner in which students are taught in dental school has not changed for many, many years. Recently several dental schools around the nation have begun to experiment with student practice models. BCDS started several years ago by developing what we call Dental Practice Systems, the purpose of which was to stimulate a solo practice and a group practice. All students participated in this simulation. This year the Dental Practice

Systems model was changed, and faculty and students are now practicing together in this simulated model. Although it would be premature to provide any evaluation at this time, it appears that the plan is working well. It is hoped that this new system of clinical education here at the Dental School will continue to grow and to improve the quality and quantity of student practice experience.

6. I have mentioned the excellence of our faculty in many annual reports as, through the years, we have successfully recruited highly qualified individuals. The faculty of your alma mater at this time represent the greatest level of diversity and expertise in my memory. They are very actively involved not only in their primary responsibilities as teachers, but also in the areas of research and service. A number of our faculty have contributed to the literature this year, having published books and contributed chapters of books and journal articles. Many are also participants in their specialty organizations, organized dentistry, and other institutes of research.
7. I am pleased to report that the student newspaper, *Maryland Probe,* is being published once again — more good news! This year monthly issues of the *Probe* have been published in a newsletter format. This student publication is an excellent means of communication and serves as a vehicle for future writers in dentistry to develop their skills. I hope that the *Maryland Probe* will continue in years to come.

These are but the highlights of the very positive developments and activities at your alma mater. In conclusion I would like to cite perhaps the greatest news of all: during the past year one out of three graduates of this school have shown their appreciation, their interest and their support by making a gift to their alma mater. The average contribution has increased significantly over the past three years to $116 in 1981-82. The number of graduates, faculty members, parents and friends who contribute continues to grow at a very encouraging rate. We here at BCDS take great pride in your accomplishments as alumni. I hope that all of you appreciate and take pride in the accomplishments of this Dental School. Your support, financially and from every other standpoint, continues to make good news possible here at BCDS. We are indebted to you all.

Errol L. Reese
Dean

The Old Man Dreams

O for one hour of youthful joy!
Give me back my twentieth spring!
I'd rather laugh a bright-haired boy
Than reign a gray-beard King!

Oliver Wendell Holmes

APT PROGRAM COMES TO AN END

Left to right: Fred M. Minimum, Vice President; Lori D. Nelson, Secretary; Donald Swierenga, President; Steven Rosenbaum, Treasurer.

The University of Maryland Accelerated Professional Training Program (APT) was conceived in the early 1970's. A group of innovative Baltimore College of Dental Surgery instructors, contemplating the need for a more efficient and clinically relevant curriculum, had the opportunity to implement their thoughts. They were in the right place at the right time; Dean Sally was open to innovation, the federal government was offering capitation ("per head") financial incentives for increased enrollment, and the school had a new building to accomodate such a class. So in 1973, the first group of ten students, selected from the entering freshman class, were matriculated into the new program.

This "workshop in education", over the course of the next ten years, served as a school within a school. New approaches to learning were tried. Students were given a remarkable amount of responsibility — in a closely monitored environment — and the program began to produce well-qualified, performance oriented dentists.

From 1975 to the present graduating class, APT students found themselves launching successfully into pursuits of their choosing; preferred residencies, the military, associateships, teaching positions and other endeavors. Competitive on the national and regional boards, APT graduates showed one important difference — they were proud of their education, and had an admiration both for their instructors and for the school.

Now with the eliminiation of capitation funds, pressure on the school to decrease enrollment, and other factors, the "demonstration workshop" is coming to an end. In 1983, the last class of APT students will graduate.

However, the ideals of the program and lessons learned may live on. *Ad hoc committee* on curriculum review, which concluded its one year study recently has considered the utilization of certain aspects of the APT in the four year program.

Donald Swierenga
President

THE CLASS OF 1983

Class Officers (Left to right) Tom Carter (Vice-President), Bob Bellissimo (Treasurer), Bill Bergeron (Social Chairman), John Alonge (President), Sandy Cahill (Secretary)

As of this writing 139 students are making claim to senior status and are looking ahead to NERB's and Graduation. A recent survey had 80 respondents whose plans might be of interest to Alumni. The two primary areas of interest are General Practice Residencies and Associateships (leading to private practice). It appears that the Military will enlist 10 recruits for GPR's and General Duty positions. Four seniors have Public Health Service obligations while three others are still without definite plans. Only 10 respondents are looking to purchase a practice and/or start from scratch. Seven seniors have made the decision to pursue advanced specialty training in Oral Surgery, Periodontics, Anesthesiology, and Pediatric Dentistry.

The class of '83 matriculated with 28 non-residents and an almost equal number plan to practice in the states of Washington, California, New York, Pennsylvania, New Jersey, Florida, West Virginia, Virginia, Delaware, South Carolina, and Arizona.

The class extends our gratitude to those alumni who supported our Senior Banquet fund raising by purchasing our specially designed "tooth tie".

John Alonge, *President*

THE CLASS OF 1984

Left to right: Paul Smith, President; Charles Varipapa, Vice President; Brenda Nivera, Secretary; Steve Warner, Treasurer

The junior year for the Class of 1984 is proving to be a hectic one as we wrestle with nine half days of patient treatment along with thirteen lecture hours per week. The spirited group of 126 is pleased to finally be able to accomplish the procedures on patients that had been practiced on plastic teeth for the first two years.

With time at a premium, many classmates still find the time for part-time jobs, sporting excursions, enjoying Baltimore night life, and participating in school and fraternity activities. Despite all this, there is always great attendence at class sponsored picnics, softball games and parties.

Plans for after graduation are already being made involving the military, private practice, GPRs, and post-grad programs. The Class of 1984 is looking forward to officially joining the profession next May.

Paul R. Smith, *President*

THE CLASS OF 1985

Seated (Left to right): Rita Kurek (Treasurer), Mary Ziomek-Engel (Secretary)
Top (Left to right): Leonard Litkowski (President), Paul Kinsey (Vice President)

The Class of 1985 has made it from Freshman to Sophomore year! Although at times it seems far away, we have advanced without too much trouble. The coursework has shifted in this second year to emphasize more clinical aspects of Dentistry...Biomedicine, Treatment planning, and Pharmacology. The transition from memorizing facts, to attempting to apply those facts, has at times been difficult. The trauma of our first injection, performing our first Class I amalgam and seeing our first Perio patient has made the first semester exciting and fast paced. The feeling of doing more than just sitting in lecture and mastering lecture material has it moments, but being able to take that material and apply it to a patient has made this year a good one to prepare us for the clinic floor. Most Sophomore students feel excited about the shift and look forward to a promising spring semester with the increasing amount of time spent in the clinic in anticipation of our Junior year.

Leonard J. Litkowski, *President*

THE CLASS OF 1986

Left to right: Sharon Welsh, Vice President; Mark Blum, Treasurer; Lauren Burgess, Secretary; Richard Merkhofer, President.

The Class of 1986 is a unique group of 115 students including three transfer students. Seventy-two students are from 12 of Maryland's counties and Baltimore City. Twenty-one of the 40 nonresidents are from New York. The remaining nineteen are from the East or West Coasts, Iran, Puerto Rico and Taiwan. There are thirty-seven females and seventy-eight males.

The majority of students were either Biology or Chemistry undergraduate majors, with the rest holding twenty-seven different degrees. Seven students hold graduate degrees.

As with all of the dental classes before us, we were faced with the trials and tribulations of that first semester at BCDS. We could all make a list of the good and bad times, but somehow we all survived.

Many thanks are offered to all of those people at BCDS who have facilitated our first year here. We especially thank the Class of 1985 for their superb guidance and encouragement.

We have made many friends at BCDS and hope that the next three and one-half years will allow these friendships to become an integral part of our education while at BCDS and thereafter.

Lauren Carr-Burgess
Secretary

STUDENT DENTAL ASSOCIATION PICTURE

Left to right: William Bergeron, Social Chairman; Bruce Blumenthal, Finance Manager; Jane Lohinski, Council Secretary; Irving Phillips, President; Karen Gonzalez, Secretary-Treasurer; Bruce Hanley, Vice President.

The Student Dental Association of the Baltimore College of Dental Surgery remains the unified voice of the student body. On the national level, our representatives in the American Association of Dental Schools and American Student Dental Association have addressed our students' concerns on financial matters, curriculum, and scheduling of national board exams. Here in the school, student representatives sit on committees, such as the Faculty Council, Student Affairs, and the Student Clinic Advisory Board. This year officers have been asked to review the Faculty Council's Plan of Organization and to provide feedback from their class or organization.

We have strengthened our link in the Student Government Association to keep the lines of communication open between schools on the UMAB campus. Here in the school, the Student Dental Association is currently working on proposing viable ways seniors may get experience in alternative clinical settings, similar to the Extramural Training Program.

"Casino Night", our social event in November, proved to be a success for the second year. Finally, there are the ever-popular monthly parties, student-faculty weekend picnic and golf tournament, and skit night.

Presently, we are working on our spring event which will be in conjuction with student-faculty weekend, which we hope proves to be another huge success.

Irving Phillips
President

Department of Dental Hygiene Update

Nineteen eighty-two has been an exciting and dynamic year for the dental hygiene students and faculty. The curriculum revision initiated Fall, 1982, that were described in the February, 1982 issue of the *Alma Mater* have been well received by students, faculty and the community. The senior students have particularly enjoyed the opportunity to design their own two credit program of study and to pursue in depth a topic of special interest to them. Students have selected, designed, implemented and evaluated projects in topics which relate to clinical denta[1] hygiene, education, community service, management or research. Each student works with a faculty advisor who has particular interest and expertise in her selected topic area.

Also mentioned in the February *Alma Mater* was the development of the Master of Science degree in Dental Hygiene. The proposal has been completed and has already received approval from the Dental School's Faculty Council and the University of Maryland at Baltimore Graduate Council. After approval by the University of Maryland President's Advisory Council and the University of Maryland Board of Trustees, it is anticipated that the proposal will be favorably received by the State Board of Higher Education in April, 1983. Students may then enroll in January of 1984. Please contact me if you are interested in more information on this program. It is designed to prepare dental hygienists to assume positions of increased authority and responsibility beyond that assumed by the baccalaureate graduate in education, research, health care management and patient care.

The Continuing Education courses continue to be well attended by alumni and other dental hygienists and dentists in the region. If there is a topic of interest to you that we have not offered, please let me know and we will do our best to accommodate your request (301-528-7773).

The Spring Phonathon was a tremendous success this year thanks to your generous contributions. Jeanne Salcetti Manuel (1980) has agreed to continue to serve as the Dental Hygiene Alumni Liaison Coordinator. In her article which follows, she will share with you more news about the Phonathon and activities of special interest to you, our alumni.

Cheryl T. Metzger, RDH, MS
Chairperson

Again — Attention Please

Undoubtedly many of our Alumni have achieved honors and merited distinction, but the facts surrounding such occasions have escaped our attention. Perhaps modesty or indifference has interfered with the news reaching us.

This is regrettable, for one of the principal purposes of the Alma Mater is to serve as a repository of events.

Therefore, we urge you to send us information so that we may print the news.

Back Row: Carolyn Wright (Sr. Secretary), Sandra Boerum (Sr. Vice President), Jane Lohinski (Sr. President)

The year is well under way and the senior dental hygiene class has become recognized in academic and social endeavors. Academics include treating recall patients from the postgraduate periodontics department, as well as, working on the clinic floor with postgraduate students. Other clinical experiences include rotating through various departments to assist, observe, and provide patient care. Recently, our class attended the American College of Dentists' Day table lectures with the senior dental students.

Our students are participating as representatives of various committees including the yearbook, the school's newsletter, the Student Clinic Advisory Board, the Judicial Board, and the Executive Committee of the Student Dental Association. These are in addition to our own department's committees. Fund-raising activities are under way which are designed to facilitate the participation of, not only our department, but the Dental School as a whole. With graduation in the near future, we are spurred on by our experiences to become well-rounded hygienists.

Jane Lohinski
Senior Dental Hygiene President

Student Dental Hygienists' Association

Front Row: Betty Howard (Sr.) - President, Susan Sipes (Jr.) - Vice President
Back Row: Brenda Slade (Sr.) - Treasurer, Sandra Divver (Jr.) - Secretary

A major objective of this year's Student Dental Hygienists' Association, SADHA, has been to comprehend the workings of our professional association. By encouraging participation in school, component, state, and national activities, we are preparing to take an active role in our association after graduation. Students have joined me in attending Greater Baltimore component meetings as well as the MDHA's continuing education course held in conjunction with the MDA's annual meeting. The interaction and dialogue with practicing dental hygiene professionals has been motivational and enlightening.

During our October meeting, the winners of the Dental Hygiene Table Clinic Competition, Mary Pomykala and Bonita Bolyard, spoke to SADHA about their trip to the national ADHA annual session in Chicago. They shared with us their experiences with dental hygiene students from all over the country. They also relayed ADHA's interest in student opinions and concerns.

We are planning to assist the Greater Baltimore component in the implementation of many activities this February during Children's Dental Health Month. We also intend to direct our attention toward attending the 9th International Symposium on Dental Hygiene this summer in Philadelphia.

Through our well-rounded education at UMAB, SADHA participation, and our community service, we plan to be properly prepared to make our contribution to the prevention and control of oral diseases.

Betty Howard
President

Department of Dental Hygiene Junior Class

The Class of '84 designed a class t-shirt with their motto: "Dental Hygienists help to keep you smiling". They also helped to raise money for Santa Claus Anonymous in their annual football marathon-what a bunch of jockettes!! Many of them also have fond memories of the all-nighters for oral biology.

Just wait until the next year!

Kim Welter, President
Teri Griffies, Secretary-Treasurer

Dental Hygiene Alumni

Our greatest success as an alumni group is exhibited every Spring during the Annual Giving Phonathon. This past year was our biggest year yet where over $1200 was contributed by alumni, parents, faculty and friends. These contributions reflect the true dedication and support that is essential in assuring our program excellence. With these dollars, our department was able to purchase a phase-contrast microscope that is available for us by the dental hygiene students. Their patients can actually see and believe that bacteria really exist within their own mouths! Also purchased were four Titan Sonic Handpiece Scalers, which the students have found to be very efficient and effective. We thank you all for your generous donations to the Dental Hygiene Program and the Pat Stearns Scholarship Fund.

The next Annual Giving Campaign will be in March, and for those alumni who are interested in serving as phonathon callers, please contact me (301-528-7773). It will be a wonderful opportunity to recapture fond memories and "catch up" with the news of old friends.

We are also in the process of establishing a network of alumni for purposes of recruitment in different areas. Because many alumni have expressed an interest, a luncheon will be held whereby information on the recruitment process will be available. If you are interested in participating, please notify me.

Our alumni group is becoming stronger and more vital each year. By being a part of this growth, you will enrich not only your own profession, but that of future alumni.

Jeanne S. Manuel, RDH, BS
Dental Hygiene Alumni Liaison Coordinator

Dental Hygiene Class of 1977

Advanced education, diversity, mobility, and family responsibilities highlight the dental hygiene class of 1977. On May 15th, class members traveled from the Virgin Islands, British Columbia, California, Texas, Massachusetts, Florida, Pennsylvania, Delaware, and various parts of Maryland to attend an informal buffet at the home of Debbie Kessler Ziskind. We learned that many in our class have pursued graduate degrees in microbiology, nutrition, psychology, adult education and dentistry. This spirit of comradary which existed five years ago is still ever present in this dynamic class.

Beth Barrack, RDH, MS
Noel Slotke, RDH, MS

DEAN KENNETH V. RANDOLPH, '39 HONORS J. BEN ROBINSON'S MEMORY

Standing (left to right): Kyrle Preis, Editor; Dean Kenneth V. Randolph; Dean Errol L. Reese; Joseph P. Cappuccio, Secretary
Seated: Dr. & Mrs. W. Buckey Clemson, '21

May 25, 1982

The J. Ben Robinson Memorial Lecture Committee under the Chairman, Dr. Robert J. Leupold, could not have selected a more appropriate guest speaker for the Third J. Ben Robinson Lecture. Dr. Randolph was a former chairman of the Dept. of Operative Dentistry at his Alma Mater and was a special protege of Dr. Robinson. He became Dean at the West Virginia University School of Dentistry in 1958 and later in 1971 was appointed President and Dean at Baylor College of Dentistry from which he retired in 1980 as Dean Emeritus.

Dean Randolph was introduced by Bernard Gordon, a former student, who at that time was a somewhat fearful admirer. As is his custom, Dr. Randolph's lecture was well thought out, timely and forcefully delivered. The Alumni Association is proud of his achievements and honors itself in recognizing him.

JUNE WEEK 1982
HELLO — GOODBYE

Left to right: Bill Strahan, our new President says Farewell to Joe Price.

ALL AGREED

Distinguished Alumnus for 1982
Dr. Carlos Noya and Family

Left to right: Daughter Diane, Wife Irmahe, Dr. Noya, Daughter Laure, Mrs. Noya's sister America Seloose

Dr. Dolle, President Price, guest of Honor and First Vice President of the ADA, Dr. Noya, Chancellor Farmer, Dean Reese, Members of the Fifty Year Class, returning Five Year Classes, Distinguished guests of the Dias, Lovely ladies, Fellow Alumni and Friends. It is indeed an honor and privilege for me to present the recipient of the Distinguished Alumnus Award for 1982.

This award is the highest honor that the Alumni Association can bestow upon one of its members. It is customary following the selection of a distinguished alumnus to ask the recipient to choose the individual to make the presentation. I am honored to have been asked to carry out this very important and pleasant duty. This is labor of love for me.

It is my pleasant duty; to say a few words about a former student, friend and colleague of many years. Carlos and his family and my family have enjoyed a very warm and close relationship over the years. I consider Carlos as one of the closest friends that I have in dentistry.

This evening marks the first time that our award have been given to one of our graduates outside of the Continental United States.

The man we honor this evening is a distinguished Puerto Rican Dentist who hails from the enchanted Island of Puerto Rico, the jewel of the Carribean. Dr. Noya has been blessed with a lovely family, his beautiful wife Irmahe, and three wonderful children, Carlos Jr., Laure and Diana. His daughter Laure is following in her fathers' footsteps as a recent graduate from the University of Puerto Rico School of Dentistry. Dr. Laure Noya is presently completing a two year residency program at the Long Island Jewish Hospital (Chief Resident), his daughter Diana will graduate from Princeton University this coming week. The Noya's are accompanied this evening with Irmahe's sister, America Seloose.

Seated at the same table with the Noya family are: Mrs. Terri Lau, a distinguished Panamanian dentist, a graduate of our school, Dr. Alfred Berguido and his lovely wife Irene, Dr. Pilar Reguero of Puerto Rico who has returned for her 30th year class reunion and a good friend of Dr. Noya, Dr. Kyrle W. Preis, Professor Emeritus in Orthodontics and a distinguished alumnus recipient.

With all individuals of stature and accomplishment, the seed is very important. The background of a man, his family life, usually mirrors his life. Irmahe, Carlos and the children have enjoyed a very full and rewarding life together.

Tonight, we honor Dr. Noya for a lifetime of achievement. He has dedicated most of his adult life to the advancement of his profession. His career has been a very versatile one. His pride and love for dentistry have motivated him to contribute to all segments of society, his profession, his Alma Mater, Puerto Rico and his country.

All who have known him admire his character, ability and warmth. He has devoted himself to the health and welfare of his patients, students and colleagues. He personifies professional excellance and success.

Dr. Noya has served both as the President of the Colegio de Cirujanos Dentistas de Puerto Rico and the Puerto Rican Dental Association. He has been one of the most stabilizing influences for the profession of dentistry in Puerto Rico.

In 1967, the Governor of Puerto Rico appointed Dr. Noya as the only dentist on an Advisory Committee to the Secretary of Health regarding Medical Services under the Medicaid Program.

A few months later, the Committee members elected him as their Chairman for the duration of his term.

Carlos is a full time private practitioner of Dentistry. He also teaches one morning per week at the School of Dentistry of the University of Puerto Rico where he is an Associate Professor. One of the courses that he teaches is an elective for seniors very appropriately entitles - *"The Professional Person in Action."* He also teaches Dental Ethics.

Dr. Noya certainly practices what he preaches as the following would attest: Dr. Noya has served his country as an Army Captain from 1950-1953. He has been extremely involved in the Civic and Cultural life of his Island. He is a fellow of both the American College of Dentists and the International College of Dentists, a member of the Academy of General Dentistry and the American Association of Dental Schools.

Dr. Noya served 16 years as a member of the House of Delegates of the ADA. He was a member and vice Chairman of the ADA Council on Dental Practice. He served as Vice Chairman of the 4th District of the ADA in 1977.

Through those 16 years of serving as an ADA delegate, he earned the respect and admiration of his fellow delegates as a hard working, clear thinking and dedicated member of the House.

His voice was recognized as one that addressed each issue on its merits, with the unusual ability to get to the core of the matter quickly and concisely. His gentle wit on many occasion relieved the tension of debate on the floor of the House of Delegates.

Dr. Noya's greatest accomplishment in organized dentistry came with his election last year to the First Vice Presidency of the ADA.

It was a great thrill for me and his many friends to see him elevated to such a high office.

He represents one of five graduates of our Alma Mater in the last five years to be elected to high office in the ADA. All of them former students of mine in dentistry, and of course, in the art and science of politics.

As you know, Dr. Burt Press, a graduate of our School will be the incoming president of the ADA next November in Las Vegas.

Dr. Noya during the past year has traveled extensively on behalf of our profession. He has been an excellent ambassador of good will for dentistry wherever he has gone and has friends everywhere.

Dr. Noya is a very warm and wonderful human being. He is a credit to our profession. For me and his friends, it has been a joy to see him develop into a truly accomplished dental leader.

We are deeply indebted to Carlos and Irmahe for what they have done for us and our great profession. They deserve our thanks and appreciation for a job well done.

Because of Dr. Noya's life time of achievement and service to people and his profession, we pay tribute and honor him this evening with our most coveted award. He joins a long list of illustrious and distinguished graduates of our school who have been so honored.

Carlos, you have lived a very wonderful and fruitfull life. You have made friends everywhere.

Tonight marks one of the highlights of your career when you have been recognized by your peers — who could ask for anything more?

Mr. President, it is an honor and a privilege for me to present a friend, teacher, practitioner of dentistry Par Excellance, the First Vice President of the ADA, a true professional, the Distinguished Alumnus for 1982, Dr. Carlos J. Noya of Puerto Rico.

Joseph P. Cappuccio

Relatives and Friends

Golden Anniversary Class of 1932

Standing (Left to right): A. James Kershaw, Ben Goodkin, Merrill Hills, Irving Newman, J. Robert Manuel, John Michael, Lyman Milliken, Ward Jones, Carl Basch, Mrs. Basch, Mrs. Vajcovec, Joseph Vajcovec, Arthur Fern, Jesse Englander, Irving Abramson, George Vezina, Reuben Rosenbloom.

The fifty year class held its reunion dinner in the Maryland Room of the Hunt Valley Inn on Friday night, May 28, 1982. We were all pleased to have so many members of our class return for this happy occasion. Present were 15 class members with 13 wives. It was a very pleasant and enjoyable evening.

We were also fortunate to have as our honored guest, Dr. George M. Anderson, whom we all remember from school days with great respect and affection.

The fifty year class appreciated being the honored guests of the Alumni Association at its general cocktail party, banquet and reunion. It was another most enjoyable evening.

Irving Abramson
John Michael

GOLDEN ANNIVERSARY CLASS

CLASS OF 1937

Seated (Left to right): Mrs. Shobin, Mrs. Seidler, Mrs. Gregoire, Mrs. Roh, Mrs. Greenberg, Mrs. Levin, Mrs. Simon, Mrs. Aks, Mrs. Berk, Mrs. Heck

Standing (Left to right): Jack Shobin, LePage Seidler, Galian G. Gregoire, Frank Roh, Jesse J. Greenberg, D. Robert Swinehart, David A. Levin, Morris D. Simon, Harry Aks, Bernard R. Berk, John C. Heck

The program for the 45th reunion of the class of 1937 began at 11:30 A.M. Friday, May 28th, 1982 with a luncheon meeting at Phillips Harborplace Restaurant. Attending were twelve men and their wives. All seemed pleased to see one another again and to meet their wives. The luncheon was a pleasant affair.

Following lunch we proceeded to the Aquarium where we were admitted as a group. Those who had never visited the Aquarium before were delighted with the tour which took approximately two hours. After the tour we disbanded to freshen up and to meet again at the Hunt Valley Inn for our reunion dinner.

Our private room was set up with an open bar and a large oval table. There were also, aside from the table, chairs and sofas for sitting. During the cocktail hour spirited conversations were carried on. While at the dinner table each classmate was asked to give an account of what had transpired with him since 1937. This was of interest to all to hear of professional activities, family, children, hobbies and other activities. Letters with good wishes from men not attending were read at the dinner. Following the dinner the bar stayed open and good conversation between the men and the women continued with no abatement.

The rapport between the men and women was notable which helped make our reunion a hugh success.

A. LePage Seidler
Bernard Berk

Class of 1947

Front Row (Left to right): Robert Lamb, Donald Cray, Bryce Smith, Gerald Heroux, Ferdinand Asciolla

Middle Row (Left to right): Stanley Gottlieb, Fred Ehrlich, Stuart Londeree, Ernest Nuttall, Leonard Rapoport, Maurice Fagan, Robert Grier

Back Row (Left to right): Stanley Kotula, Everette Eckerd, Bernard DeHosson, Angelo Lombardi, Alvin Kronthal, Paul Bingham, Nelson Bookstaver, Metro Dry-Henich, Edward Steinhof, Paul Lambert, Charles Beck, Marsden Stamp, Robert Posner, Lee Nathans, Joseph Attansio

Also attending but not in the picture is Richard Eschenburg.

The 35th re-union of the "Wonderful Class of '47" was held at the Hilton Hotel from Thursday, May 27 through Sunday, May 30, 1982. 27 members of the class attended and 22 lovely ladies accompanied them.

Our program consisted of:

1. A bus tour of historic Baltimore landmarks as well as the new Baltimore.
2. A crab feast at "Olde Obryckes' "
3. A banquet and dance at the Center Club with Ernie Nuttall and Mrs. Nuttall as our honored guests.
4. A trolley ride from the hotel to the Maryland Science Center for brunch and a tour.
5. A tour of the National Aquarium.
6. General Reunion Gala at Hunt Valley.
7. A farewell brunch four days later at Rockwells.

The class was absolutely delighted with the re-union, with the new Baltimore, and with their fill of Baltimore seafood.

Our thanks to our wives: Jean Rapoport and Audrey Londeree who were entirely responsible for the success of the re-union.

Leonard Rapoport
Stuart Londeree

Class of 1952

Front Row (Seated): Dick Axman, Tom Kornegay, Bob Carlough, Al Reed, J. Sherman, Bob Axman, Alvin Friend, Tom Dooley

2nd Row (Kneeling): Pat Fetchero, Joe McKechnie, Robert Brackbill, Guy Burkett, John Barry, David Eppel, Pilar Reguero, Bernard Vine, Art Ferrante, Bob Hager, William Powell

3rd Row (Standing): Charles Eshelman, Frank Martin, Gene Hinds, Ray Allen, Bob Josefiak, Vernon Ottenritter, Jack Martin, Ralph Gilman, Ed Roberts, Lou Greenberg, Richard Synowski, John Cirillo, Zeno Edwards

4th Row (Rear): Norman Highstein, Joe Walker, Clyde Wells, Robert Hager, Jerry Chapin, Richard Mitchell, Tom Salimeno, Dale Lincicome, Robert Orrahood, Charles Averill, Frank Avant, Pedro Valentin

Those who attended Reunion but are not seen in Class Photo: Irving Edelson, Irving Kravitz, Edgar Labar, John Lavalle, Irv Littman, Joe Price, Don Pugh, Bernard Tell

The "Great" Class of 1952 held its Thirtieth reunion on May 28th, 29th, 1982. Fifty Five % of our graduating class returned to have a fantastic time. Our home base was at the Hyatt Regency, on The Inner Harbor.

At 6:30 p.m., Friday, our Cocktail party began. The Baltimore Hilton hosted us throughout the evening. Dinner, music, dancing, Open Bar contributed to a great affair.

During the program, special recognition was given to those who had traveled the greatest distance. they were Dick Synowski (Salem, Oregon), Pedro Valentin (Puerto Rico), Dale Lincicome (Seattle, Washington), Charles Averill (Burlington, Vermont), Frank Avant (North Bend, Washington), and Bob Orrahood (California). Joe Walker (Alabama) and Pilar Reguero (Puerto Rico) were not present at the dinner but were able to attend the Saturday Luncheon.

Our Luncheon was held at the Hyatt Regency from 12:00 Noon to 3:00 P.M. Everyone was a speaker at the luncheon. Big Norm Highstein brought the house down several times. All of the class members expressed themselves beautifully about the past, present, and future.

Group photos were taken and mailed to the participants. The "Great" Class of '52 has accomplished much in Dentistry. More important, it is a class with a heart. Two years before Glen Little passed on, a substantial cash donation was presented to him. Also, our class has been first in total donations (last two years) to the UMAB Foundation-Dental School Fund.

For those who attended our "Thirtieth" - witnessed a super reunion - and the memories linger on.

Richard Axman

CLASS OF 1957

First Row Seated: Frank Verde, George Lippard
Second Row Kneeling: Francis Salvato, Bob Stag, George Waxter, Jim Butler, David Vachon, Bill Colliver, John Martielli, Bill Barbush
Third Row Standing: Gene Beliveau, Bill Ruppert, Ed Wemler, Al Rapuano, Nick Passarelli, Ed Landefeld, George Greco, Richard Cabana, Charlie Butner, Carl Tomosivitch
Fourth Row Standing: Joe Nassif, Gerry Isbell, Karl Foose, Dennis Maud, Bill Buchanan, Tom Owens, Paul Freed, Elwood Snyder, Fred Koeniger, Al Stoler, Herb Rust
Back Row: Tom Ingram, Joe Schevenell, Jim Sullivan, Lou Blum, Carl Singer, Al Schaffer, Bill Patteson, John Dempsey, Paul Higgins, Elliott Dickler, Norman Alpher, Paul Nestor, Bill Bishop

The Class of 1957 had an exciting Reunion with the many new scenes in the Baltimore Harbor Area as a backdrop for this very special occasion. The Reunion began with a Golf Tournament early Friday morning at the Hunt Valley Golf Club. Those brave souls who played through the driving and drizzling rain which seemed to last all day ought to be congratulated. It was a pleasure to have some outstanding golfers from all over the country participate in the tournament. Even with very foul weather a good time was had by all.

Friday evening proved to be an outstanding experience for the many classmates returning to see the new Baltimore (Inner Harbor Area). A spectacular Cocktail Party was held on the 27th Floor of the World Trade Center with a backdrop of many of the commercial exhibits that showed off the Port of Baltimore as one of the outstanding ports in the nation. Fine food and drinks were enjoyed by all. The picture illustrates the outstanding turnout for the Class of 1957.

After the Cocktail Party, the Class regrouped for a sumptuous Dessert Party at the Hilton Hotel prepared by Pat Freed, Ruthie Schaffer and Marsha Singer. George Waxter distributed prizes which proved to be an act topped only by one of Johnny Carson's better monologues. These prizes were awarded to people who had come the furtherest, who had the most hair, the most children and many other assorted subjects too delicate to mention.

Saturday began with a Brunch at City Lights overlooking the Inner Harbor which was attended by well over half the Class. The Saturday evening affair at Hunt Valley for the General Alumni function proved again that the Class of 1957 supports the Alumni Association in its many activities. A good time was had by all and many pictures were taken. The evening was finalized with a party back in the room of Elwood Snyder and Nick Passarelli till the wee hours of the morning, chaperoned by many members of the 50 Year Class Reunion.

We thank Marsha Singer, Pat Freed and Ruthie Schaffer for their help in opening the Hospitality Room and the goodies and drinks that they provided for everybody's enjoyment during the evening's festivities. Our thanks also goes to the other members of the Committee, Paul Freed, our Treasurer, George Waxter, Carl Singer and Bob Stag.

There was a balance of $181.10 from the operation of the Class Reunion. It was donated to the Dental School by the Class Treasurer, Paul Freed.

All enjoyed the festivities to the limit and we look forward with great anticipation to our 50 Year Reunion.

William R. Patteson,
Frank Verde

CLASS OF 1962

Bottom Row (left to right): Michael Balenson, Buddy Johns, Ted Sobkov, Fred Abbott, Cannot identify this one, John Wilheim, Jerry Weinstein, Last name Barnes (can't remember first name)

Second Row (left to right): Allan Pertnoy, Earle Schultz, Howard Schunick, Marvin Apter, Sam Blum, Richard Koutzer, Steve Millison, Al Miyamoto, Robert Charlton

Third Row (left to right): Henry Fischer, Joe Axelrod, Joe Salvo, Sidney Markowitz, Al Simmons, Larry Halpert

The reunion of the Class of 1962 took place on May 29, 1982. It was held at the Belvedere Hotel.

Classmates from as far away as Hawaii, Washington, California and Florida were in attendance. This was the first reunion since graduation for many.

Most of our out-of-town classmates had never seen the new Dental School and were very impressed.

A good time was had by all.

Lawrence F. Halpert

CLASS OF 1972

Back Row (standing left to right): S. Gurney, L. Rosenthal, M. Feldman, J. Doe, T. Milleson, M. Nowakowski, M. Pleczar, D. Jackson

Middle Row (standing left to right): D. White, M. Siegel, G. Goodman, J. Cooper, R. Fletcher, S. Raskin, J. Yeomans, D. Levinson, R. Zipkis

Seated (left to right: J. Aumiller, S. Burk, E. Hovland, L. Hooper, R. Berryman, J. Blevins, J. Davis

A very enthusiastic class of 1972 returned to Baltimore to celebrate their 10 year reunion. Food, drink, and long stories were plentiful as old friends met at the Belvedere Hotel. A good time was enjoyed by all and we hope to see even more friends at the next reunion.

Eric Hovland

WELCOME HOME

Left to right: Pedro Valentin, Mrs. Valentin, Mrs. Roberts, and Friend

Dr. Pedro Valentin '52 of Aquadilla Puerto Rico returned joyfully to join his classmates in celebrating their 30th Anniversary Reunion. Graduates of 1952 are all remarkably loyal, to their class and Alma Mater. They always have a large turnout and really look forward to a get together, just look at their class picture. Dr. Valentin said that he hopes his son will join him in the practice of orthodontics when he finishes his post graduate training in ortho.

ALUMNI WEEK — 1983

(Tentative Schedule)

Wednesday, May 18, 1983
O.K.U Banquet - Belvedere Hotel
6:30 p.m.

Thursday, May 19, 1983 - Baltimore Campus
Medical School Teaching Facility

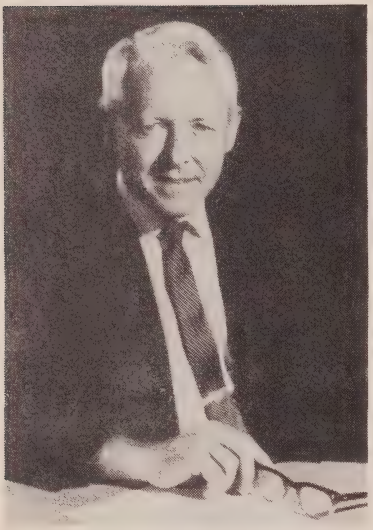
HAYDEN-HARRIS LECTURE
May 19, 1983



. Dr. Reidar F. Sognnaes

The Seventh Hayden Harris Memorial Lecture will be held Thursday, May 19, 1983, at 2:00 p.m. in the Medical School Teaching Facility Auditorium, Rm. 115, Redwood and Pine Streets. The Hayden-Harris Memorial Lecture is sponsored by the Alumni Association, Baltimore College of Dental Surgery, Dental School, University of Maryland. The first lecture was held in 1965 which marked the 125th anniversary of the school's founding. Since that date the lecture is presented every three years.

The guest lecturer will be Dr. Reidar F. Sognnaes, noted academician, researcher and forensic dental expert. Dr. Sognnaes is currently recognized as one of the world's foremost forensic dentists. Through forensic dental research gathered from autopsy reports and war crime testimony he has been instrumental in confirming postmortem identifications of Adolph Hitler, Eva Braun and Martin Bormann. Dr. Sognnaes's research investigations, together with his ability to reconstruct and replicate dentitions ranging from that of President George Washington to an Adolph Hitler, have provided an opportunity to study the evolution of the art and science of dentistry over a span of two centuries.

The nucleus of Dr. Sognnaes presentation for the Seventh Triennial Hayden Harris Memorial Lecture will be this research concerning the evolution of dental science over this period of two centuries. This is reflected in the title of his presentation, "Preface to Professional Progress - From Washington's Old Ivory Relic to the Maryland Bridge".

Dr. Sognnaes' renown extends well beyond the field of forensic dentistry. He was the founding Dean of the School of Dentistry, University of California at Los Angeles and, also, served as Acting Dean of the Harvard School of Dental Medicine. He is Professor Emeritus of Anatomy and Oral Biology in the Schools of Medicine and Dentistry, Center for the Health Sciences, University of California, Los Angeles and has authored, co-authored and edited over 300 publications. He is a graduate of the University of Oslo, Norway Dental School with the highest honors.

All Dental School alumni, faculty and senior class members are invited to attend. Dr. Robert W. Haroth, '58 is the chairman of the Seventh Triennial Hayden Harris Memorial Lecture.

REGIONAL ALUMNI SECTION MEETINGS

ALUMNI RECEPTION

D. C. POST-GRADUATE CLINIC MEETING
HOSPITALITY SUITE—SHOREHAM AMERICANA HOTEL
WASHINGTON, D.C.
APRIL 19, 1982

The Alumni Reception, again as last year, held in conjunction with the D.C. Post Graduate Clinic Meeting at the Shoreham Americana Hotel in Washington, D.C. this past April 18th was successful.

These are informal gatherings with light refreshments, the kind most alumni like best; the alumni provides the setting and the modest cost is paid by the association. The following were in attendance:

Paul Hoffman '27
Harriet Hoffman
Kyrle W. Preis '29
Ernest B. Nuttall '31
Abraham Kobren '42
Harry W. F. Dressel '45
Joseph P. Cappuccio '46
G. B. LaMotte '46
Stanley H. Gottlieb '47
William T. Strahan '48
Ashur G. Chavoor '48
Raymonde Chavoor
Thomas E. Wolf '51
Millard M. Bartlett '51
Jane M. McCarl '52
Joe N. Price '52
Joseph R. Salcetti '53
Jean-Pierre Bouquel '53
Albert W. Zanner, Jr. '55
Joseph H. Seipp '55
R. E. Bolyard '55
Phyllis Bolyard
Thomas E. Wagner '55
George D. Resh '55
Stanley Kogan '55
Clayton McCarl '56
Nickie Ballantine '56
Laurence E. Johns '62
Patsy
George Krupinsky '63
Earl L. Chambers, Jr. '63

Dr. Joseph P. Cappuccio Retires And Assumes New Role As A Special Assistant To the Dean for Alumni Affairs

Dr. Joseph P. Cappuccio recently retired as a Clinical Professor in the Department of Oral and Maxillofacial Surgery after thirty-six and one half years of service as a member of the faculty.

Joe has been extremely active for many years not only as a member of the faculty but in all facets of organized dentistry. He has served on all levels of the profession but especially active in the American Dental Association as a American Dental Association Delegate for many years and culminating in his election as President of the American Dental Association in 1979. This was not only a great honor for Joe but for our Alma Mater and the State of Maryland.

As you know, Joe has been known for many years for his active role in the Alumni Association. He has been referred to as "Mr. Alumni." The Alumni Association has been one of his great loves. He has served the Association as President and Secretary for many years. He was honored with the Distinguished Alumnus Award in 1978 during his year as President of the American Dental Association.

During the past three years he has been extremely active as a lecturer and speaker throughout the United States and abroad. He has been honored with Honorary Membership and awards by many constituent Dental Societies and World Dental Organizations.

He has established contacts and friends throughout the United States and the World, and is known by Baltimore College of Dental Surgery Alumni in all sections of the Country. Because of his organizational expertise, he was appointed by Dean Errol L. Reese as a Special Assistant to the Dean for Alumni Affairs. Dr. Cappuccio will conduct a series of alumni meetings and social functions scheduled throughout the year in conjunction with state regional and national meetings. His experience is invaluable to the Dental School and the Alumni Association in this initiative to build a strong and very active Alumni Association befitting the stature of the Baltimore College of Dental Surgery and its graduates. The Association offers it's best wishes to Joe in his new assignment. He may be reached through the Alumni Office (1-301) 528-7129.

H. L. Mencken on Truman

"We can only hope that he will improve as he goes on. Unhappily experience teaches that no man improves much after 60, and that after 65 most of them deteriorate in a really alarming manner. I could give an autobiographical example, but refrain on advice of counsel."

The Baltimore Sun, Jan. 1983

West Virginia Alumni Section Reorganized, Greenbrier Hotel, White Sulphur Springs, West Virginia, Tuesday, October 13, 1982

A reorganization Breakfast meeting of the West Virginia Alumni Section was held at the beautiful Greenbrier Hotel in conjunction with the West Virginia Dental Association.

The West Virginia Section has a great potential for future activity of our Association. It has been an extremely loyal and dedicated Alumni group of our Alma Mater. There is great tradition in West Virginia for our Alma Mater with so many illustrious graduates of our school from West Virginia.

Dr. Cappuccio, newly appointed Assistant to the Dean for Alumni Affairs, was ably assisted by Dr. Calvin J. Gaver and Dr. Henry J. Bianco, Jr., members of the University of West Virginia School of Dentistry Faculty in organizing this very important meeting.

During the meeting, Dr. W. Robert Biddington, Dean at the dental school in West Virginia was also extremely helpful in the organizational meeting.

New officers were elected for the coming year. Dr. George W. Struthers, Jr., President and Dr. Frank L. Collins, Secretary-Treasurer. We expect a great deal of help and success under the leadership of George Struthers who lives in Charleston, West Virginia. He will be ably assisted by Dr. Collins of White Sulphur Springs, West Virginia.

Dr. Cappuccio reported that at next year's meeting a scientific program on the Maryland Bridge by Dr. Van. P. Thompson will be presented on Saturday, July 17, 1983 followed by a luncheon and Alumni Golf Tournament in the afternoon. These activities will be held in conjunction with the West Virginia Dental Association's annual meeting at the Greenbrier Hotel. It appears that we will have a very active section in West Virginia.

Seated (left to right): William Strahan, Jack Eskow, Joseph Cappuccio, Bernard Orlowski, Dean Errol Reese, Paul Torre, Alan Silverberg, Nick Passarelli

The New Jersey Alumni Society of the University of Maryland, School of Dentistry, held its annual dinner meeting on October 12, 1982 at the luxurious Meadowlands Hilton Hotel in Secaucus, N.J.

The speakers and honored guests were Dean Errol Reese, accompanied by his wife, Julie Reese, Dr. William Strahan, President of the National Alumni Association, Dr. Joseph Cappuccio, Secretary of the National Alumni Association, and Mr. Neil Bernstein, representing the Alumni Giving Program.

Dr. Reese discussed the current advances in dental education as they relate to the University of Maryland Dental School, and also described the details and significance of his trip to Japan.

A contribution of $500. was announced by Treasurer, Dr. Paul Torre, and a check in that amount was presented to Dean Reese by President Orlowski. This brought the total of contributions from the New Jersey Alumni Society since 1972 to a total of $3750.00.

Dr. Bernard Tell was presented with a plaque in recognition of his serving as president of the Society for 1980 and 1981.

The present officers serving the Society are:

President	Dr. Bernard Orlowski, '60
President-elect	Dr. Thaddeus Lenick, '55
Vice-President	Dr. Jack Eskow, '33
Treasurer	Dr. Paul Torre, '51
Secretary	Dr. Alan Silverberg, '77
Ex-Officio	Dr. Bernard Tell, '52

Alumni Reception
Pavilion 2, Las Vegas Hilton Hotel
Las Vegas, Nevada, Sunday, November 7, 1982

One of the most successful Alumni Receptions in history was held at the Las Vegas Hilton Hotel on Sunday, November 7, 1982. The Reception was a Wine and Cheese Party attended by approximately 300 alumni and friends. There were Alumni in attendance from all over the Country, Puerto Rico and Panama. This Reception was well planned with special invitations mailed to all of our Alumni throughout the world.

In attendance at the reception were many illustrious graduates and VIP's. Our group was honored by the presence of Dr. Robert Griffiths, President of the American Dental Association, Dr. Carlos Noyas, First Vice President of the American Dental Association, Dr. Ashur G. Chavoor, Trustee of the Fourth District of the American Dental Association, Dr. Joseph P. Cappuccio, Past President of the American Dental Association, Dr. Robert Shira, Past President of the American Dental Association, Dr. W. Robert Biddington, Dean, West Virginia School Dentistry, Dr. Louis A. Saporito, Past President of the American Dental Association. Dr. Carl Laughlin, Past President of the American Dental Association, Dr. William T. Strahan, President of the Alumni Association, Dr. Sanford Kamezawa, President of the Hawaii Dental Association, Dr. Burt Press, President Elect of the American Dental Association, Dr. Richard Crouse, President of the Maryland State Dental Association, Dr. Lester L. Levin, President, Pennsylvania Dental Association and many others too numerous to mention. Dr. Griffiths, Dr. Shira, Dr. Strahan and Dr. Crouse addressed our group and brought greetings and best wishes from their respective groups.

In attendance were also some special guests from abroad. Dr. and Mrs. Giorgio Gasti of Rome Italy, Dr. and Mrs. Franz Lankhof of the Netherlands. Dr. Gasti and Dr. Lankhof were elected to honorary membership in the American Dental Association during the Las Vegas meeting.

It was also nice to see so many faculty members from the school and especially Dr. Ernest B. Nuttall, Professor Emeritus.

Dr. Strahan, President of the Association brought greetings from the Association and reviewed Alumni plans for the coming year. Unfortunately, Dean Reese was unable to attend due to a prior commitment to be in Japan where he was working on a special project which will be established at our Alma Mater in the very near future. This project will create at our School a Center for the Study of Human Performance in Dentistry which will be very revolutionary and innovative.

Our alumni and friends were greatly impressed with our Reception. It was a friendly and warm atmosphere for all. There is no question that this Reception proved to be one of the great events of our history. Let us all look forward to next year's meeting in California.

J.P.C.

Alumni Reception
Madison Suite, New York Hilton Hotel
New York, New York, Wednesday, December 1, 1982

A Wine and Cheese Party was held in conjunction with the greater New York Dental Meeting in New York City.

Alumni in attendance came from many of the neighboring states especially from New York and New Jersey. It was one of our more successful meetings in the New York area. Our Alumni in the northeast were invited to this Reception by special invitation. The Madison Suite was beautifully set up for our Reception and it was a very warm and hospitable affair. Dean Reese and the Alumni Association are putting forth special emphasis to make the New York meeting a successful Alumni activity.

Dr. William Strahan, President and Dr. Joseph Cappuccio, Secretary of the Association were in attendance. They met with many Alumni and discussed with them special projects or concerns of those in attendance.

Our Reception was attended by Dr. Burt Press, President of the American Dental Association, Dr. Irving Gruber, Executive Director of the greater New York Dental Meeting, Dr. Anthony DiMango, General Chairman of the Greater New York Dental Meeting and many other VIP's.

Dr. Cappuccio indicated that one of his major goals for the coming year is to establish the New York and New Jersey areas as one of our key objectives for successful Alumni activity in the coming years. The New York and New Jersey area has a tremendous potential for the future.

The Warren T. Wakai Commemorative Memorial Lecture was held on Saturday, January 8, 1983 in Honolulu, Hawaii

A lecture was held in honor and memory of a distinguished graduate, Dr. Warren T. Wakai in Honolulu, Hawaii.

The lecture and half day course on The Maryland Bridge was presented by Dr. Van P. Thompson, Associate Professor of Fixed Restorative Dentistry and Basic Dental Science, Co-developer of the Etched Casting Resin Bonded Retainer (Maryland Bridge).

Approximately 100 dentists were in attendance. The lecture on the Maryland Bridge was well received by all in attendance. This special lecture was sponsored by The Baltimore College of Dental Surgery, Dental School, University of Maryland, The Alumni Association, and The Hawaii Alumni Section in conjunction with The Hawaii Dental Association. Dr. Van P. Thompson did an outstanding job. The lecture was gratis to our alumni and cost $50.00 to the members of the Hawaii Dental Association. We have 17 graduates practicing in Hawaii. A lecture will be presented each year as the Warren T. Wakai Memorial lecture.

All preparations were made by Dr. Roy M. Naito, Secretary-Treasurer of the Section, Dr. Joseph P. Cappuccio, Assistant to the Dean for Alumni Affairs, and Mr. Russ Geib, Executive Director, Hawaii Dental Association. The Association wants to especially thank Dr. Van P. Thompson, and all other individuals involved in this very successful and meaningful lecture.

Dean Reese has demonstrated once again his tremendous cooperation with the Association and our Alumni Sections through Dr. Cappuccio to strengthen alumni activity throughout the country and abroad. The Association is much indebted to both.

J.P.C.

A HALF CENTURY LATER

If practice makes perfect Dr. Horace H. Stagg is well on his way. The 1928 graduate of the B.C.D.S. began his practice in the office of Dr. John Ely in Westwood, N.J. In January 1930, during the onset of the great depression Dr. Goldberg, a patient suggested he start a school dental program, which he did. The service, offered free of charge, was for children whose "parents were financially unable to bear the burden of dental care." He began with a foot powered engine (still kept as a memento); later the Board of Education obtained more modern equipment.

Today Dr. Stagg is still doing school work and maintains his private practice in Westwood and in the house where he was born.

Dr. Cappuccio presented the following resolutions which were seconded and passed:

The Establishment of the Warren T. Wakai Memorial Lecture to be held each year in Honolulu, Hawaii.

Whereas, Dr. Warren T. Wakai was the founder and first president and driving force behind the Hawaii Alumni Section of our association, and

Whereas, Dr. Wakai served his profession in so many capacities over the years, and was highly acclaimed in his chosen specialty of Endodontics, and

Whereas, Dr. Warren T. Wakai further distinguished himself and our Alma Mater by serving as the First Vice President of the American Dental Association in 1981, therefore be it,

Resolved, that the Alumni Association wishes to establish The Warren T. Wakai Memorial Lecture in his honor to be delivered each year in conjunction with the Hawaii Dental Association Annual Meeting under the auspices of our Association, The B.C.D.S., Dental School, University of Maryland, and the Hawaii Alumni Section, and be it further,

Resolved, that a commemorative Warren T. Wakai Memorial Lecture be delivered at the 80th Pan Pacific Conference of the Hawaii Dental Association on Saturday, January 8, 1983 at the Hilton Hawaiian Village Hotel in Honolulu, Hawaii.

Appreciation Resolution to Dr. Van P. Thompson

Resolved, that the Alumni Association wishes to thank Dr. Van P. Thompson for his acceptance to deliver the first Warren T. Wakai Lecture, and wishes also to thank Dean Reese for making it possible for Dr. Van P. Thompson to make the trip to Hawaii, our Association is much indebted to Dr. Van Thompson, Dr. Cappuccio and Dean Reese to help make this very worthy cause possible.

The Establishment of a Doctor Saul Gale and Dr. Edward Morin Memorial Lecture.

Whereas, our Alma Mater and Association has been blessed with many outstanding graduates who have contributed to both our Alma Mater and the Profession over many years, and

Whereas, there have been certain individuals who have uniquely distinguished themselves with their loyalty and devotion to our Alma Mater and Profession, therefore be it,

Resolved, that the Association wishes to establish a Dr. Saul Gale Memorial Lecture to be delivered each year in honor of our distinguished graduate in his native state of New Jersey in conjunction with the New Jersey Dental Association, under the auspices of the Alumni Association, Alma Mater and the New Jersey Alumni Section, and be it further,

Resolved, that the Association wishes to also establish a Dr. Edward Morin Memorial Lecture to be delivered each year in honor of our distinguished graduate in his native state of Rhode Island in conjunction with the Rhode Island Dental Association, under the auspices and direction of the Alumni Association, B.C.D.S., Dental School, University of Maryland, and the Rhode Island Alumni Section, and be it further,

Resolved, that Dr. Cappuccio work with the respective Alumni Sections and Dr. Robert Haroth, Director of Continuing Education at our Alma Mater, and Dean Reese to coordinate and develop this important activity.

International Seminars

Resolved, that the Alumni Association in conjunction with our Alma Mater establish as soon as possible a Continuing Dental Education Program entitled, University of Maryland, International Seminars, to be presented at various locations throughout the world for continuing education and welfare of our graduates and dental colleagues abroad, and be it further

Resolved, that the first seminar be planned for the Caribbean area followed by seminars in other suitable locations throughout the world if sufficient interest is exhibited and maintained, and be it further.

Resolved, that Dr. Cappuccio and Dr. Haroth proceed with these plans as soon as possible.

J.P.C.

DR. J. PHILIP NORRIS MEMORIAL

Dear 1956 Classmates,

You have probably heard by now that our classmate Phil Norris passed away in July, 82. This of course has been a great loss to his wife Aileen, their three sons, and their daughter Kathy; but the loss has also been felt by many dental friends and organizational members.

Phil was very active in our dental school alumni organization as well as state dental and civic affairs.

We dental classmates in the Baltimore area that felt close to Phil have proposed the University of Maryland Dental School have some on going memorial in Phil's name. Donations to the school may be ear marked and channeled into such a fund, to forever honor Phil's contributions over the past years.

We hope you feel as we do and that you give graciously to this memorial fund. The monies will be used to assist students in their Junior and Senior year, that are having financial difficulties.

We thank you in advance.

Sincerely,
The Committee

The Distinguished Alumnus

Anyone wishing to submit a name for consideration send the Curriculum Vitae to the Alumni office:

Hawaii Alumni Section Reception and Dinner
Honolulu Room, The Hilton Hawaiian Village Hotel
Honolulu, Hawaii
Saturday, January 8, 1983

The Hawaii Alumni Section Reception and Dinner was held on Saturday, January 8, 1983 in the Honolulu Room, The Hilton Hawaiian Village Hotel.

Approximately 50 people were in attendance, Alumni, wives and special guests. The arrangements were made by Dr. Roy Naito who serves as Secretary-Treasurer of the Section and Dr. Sanford Kamezawa. Dr. Sanford Kamezawa served as President of the Hawaii Dental Association at this year's meeting in Hawaii.

Special guests at the Dinner included: Dr. & Mrs. Burton H. Press, President of the American Dental Association, Dr. & Mrs. Sanford K. Kamezawa, Dr. & Mrs. Kenneth S. Minato, President Elect of Hawaii Dental Association, Dr. & Mrs. Russ Geib, Executive Director of the Hawaii Dental Association, Dr. Joseph P. Cappuccio, Assistant to the Dean for Alumni Affairs, and Dr. Van P. Thompson, Lecturer, Maryland Bridge.

Honored guest at the dinner was Mrs. Betty Wakai, widow of our distinguished alumnus, Dr. Warren T. Wakai.

It was a great day for our Alumni Association since on that day from 1-5 pm, Dr. Van P. Thompson, Clinician, Associate Professor of Fixed Restorative Dentistry and Basic Dental Science, Co-developer of the Etched Casting Resin Bonded Retainer gave the Warren T. Wakai Commemortive Memorial Lecture.

At the dinner, Dr. Cappuccio brought special greetings and a message from Dean Reese who unfortunately was unable to attend because of a prior commitment.

Dr. Press, President of the ADA, and a graduate of our School addressed the group. He pointed out that a great number of our graduates have served in high office in the ADA, and are serving as Deans of Dental Schools. His message was very well received by the group. Both Dr. Kamezawa and Dr. Minato also addressed the group on behalf of the Hawaii Dental Association.

Dr. Naito, who served as Presiding Officer gave a complete report on the activities of the day and future plans of the Alumni Section. He thanked Dr. Cappuccio for all his help in organizing the Warren T. Wakai Commemorative Memorial Lecture and helping to reorganize the Hawaii Alumni Section.

The highlight of the evening was the presentation of a citation to Dr. Van P. Thompson, Lecturer, and a very special citation to Mrs. Wakai in behalf of her husband.

A short business meeting was held with election of officers. The new officers are: Dr. Sanford Kamezawa, President of the Section and Dr. Roy M. Naito, Secretary-Treasurer.

The Section is planning to continue to offer a lecture each year at the Hawaii meeting as The Warren T. Wakai Memorial Lecture under the auspices of the Section, The Alumni Association, and in conjunction with the Hawaii Dental Association. This meeting by far was one of the most successful held in Hawaii.

The Alumni Association wishes to congratulate Dr. Naito, Dr. Kamezawa and the members of the Hawaii Alumni Section for a most successful meeting.

J.P.C.

The Alumni Association Establishes Three Memorial Lectures In Honor Of Dr. Warren T. Wakai, Dr. Edward Morin and Dr. Saul Gale

At it's recent Officers and Executive Council Meeting, the Alumni Association established three regional Memorial Lectures in honor and memory of three distinguished graduates of our Alma Mater.

These lectures will be delivered each year in the respective states that our illustrious graduates practiced and resided in.

This year the first Warren T. Wakai Memorial Lecture was delivered by Dr. Van P. Thompson on Saturday, January 8, 1983 in Honolulu Hawaii in conjunction with the 80th Pan-Pacific Conference of the Hawaii Dental Association.

Dr. Warren T. Wakai was the founder and motivating force in the establishment of the Hawaii Alumni Section of our Association in the Hawaiian Islands. He served as first Vice President of the American Dental Association in 1980-81. Dr. Wakai was a very successful Endodontist and a credit to our Alma Mater and profession. This year's lecture is sponsored by the Association, our Alma Mater and the Alumni Section in Hawaii.

Both Dr. Burt Press and Dr. Cappuccio participated in the above Conference as Clinicians. The Alumni activity in Hawaii is being organized under the auspices of the Association and with the cooperation and help of Dr. Roy Naito, Secretary Treasurer of the Section and Dr. Sanford Kamezawa. Dr. Sanford Kamezawa, President of the Hawaii Dental Association is a graduate of our School. Our alumni activity in Hawaii promises to be a huge success.

Plans are now underway to organize both the Dr. Edward Morin and Dr. Saul Gale Memorial Lectures. The Dr. Edward Morin Memorial Lecture is in honor and memory of a distinguished graduate of our School who practiced and resided in Pawtucket, Rhode Island. Eddie Morin served as the first official President of the Rhode Island Alumni Section and was the chief motivator of establishing a very effective and successful section in Rhode Island. He was ably assisted in his day by Dr. William F. DeCesare, deceased, Dr. James Kershaw, Dr. Edward Bessette, deceased, and many other loyal alumni in Rhode Island.

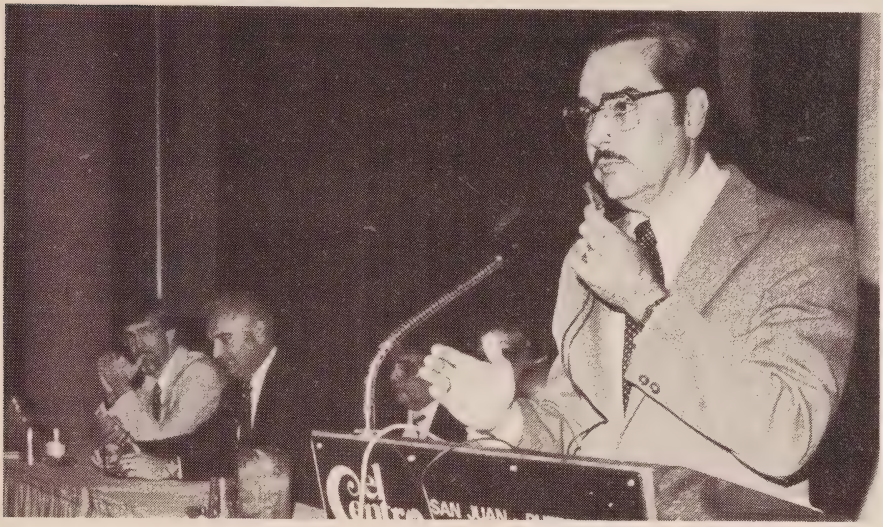
The Dr. Saul Gale Memorial Lecture is in honor and memory of a distinguished graduate of our School who practiced and resided in Newark, New Jersey. "Shorty" Gale, as he was known in his day was a very active and loyal alumnus. He served as one of the first Presidents of the New Jersey Alumni Section. This section is one of our largest and most active groups. Dr. Gale was assisted in his day by Dr. Gerard Devlin, deceased and Dr. Sam Byers, deceased, Dr. Frank Houghton, deceased, Dr. Jack Eskow and many other loyal alumni in New Jersey.

These lectures will serve as excellent Regional Continuing Education Programs along with deserving tribute to these very worthy and dedicated Alumni of the past.

These projects were presented by Dr. Cappuccio and he will organize and administer the Memorial Lectures. Appropriate Certificates will be developed and presented at each of the lectures.

J.P.C.

MARYLAND BRIDGE LECTURE BY DR. VAN P. THOMPSON CONDADO BEACH HOTEL, SAN JUAN, PUERTO RICO WEDNESDAY, JANUARY 26, 1983



Dr. Luis Toro, President, Puerto Rico Alumni Section addressing audience: Maryland Bridge Lecture, San Juan, Puerto Rico, Wednesday, January 26, 1983.

A very successful lecture on the Maryland Bridge was held on Wednesday, January 26, 1983 at the Condado Beach Hotel in San Juan, Puerto Rico, in conjunction with the annual meeting of the Colegio. The lecture was delivered by Dr. Van P. Thompson, Associate Professor of Fixed Restorative Dentistry and Basic Dental Science. Dr. Thompson, who has an intramural private practice of general dentistry, is the co-developer of the etched casting/resin bonded retainer (Maryland Bridge), which has become famous throughout the world and is a source of pride to our Alma Mater.

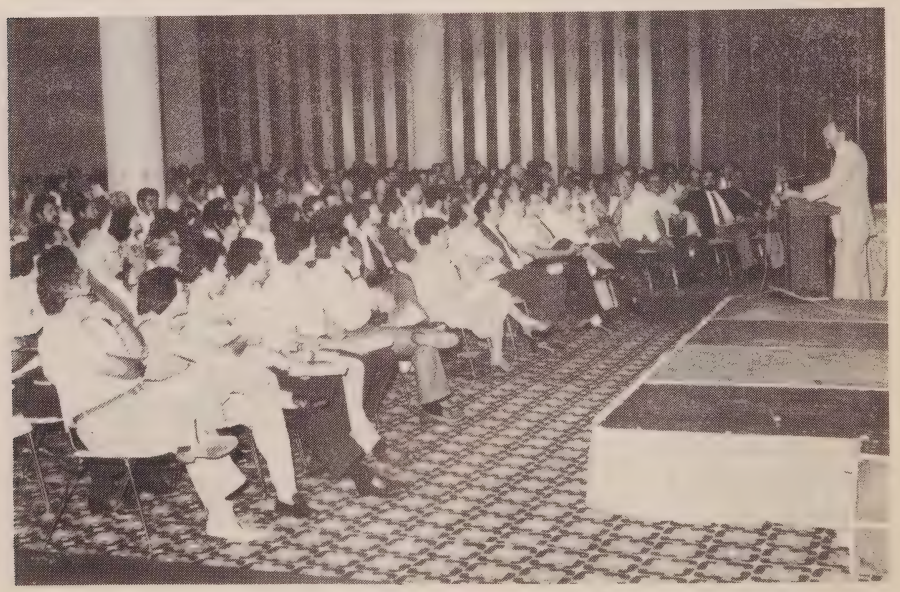
The lecture was presented under the auspices of the Puerto Rico Alumni Section, in conjunction with the Colegio.

A record was set at the lecture. Approximately 500 people were in attendance, including Alumni, members of the Colegio, faculty and students of the University of Puerto Rico School of Dentistry. This program was arranged under the leadership of Dr. Luis Toro, President of our Alumni Section in Puerto Rico and Dr. Joseph P. Cappuccio, Assistant to the Dean for Alumni Affairs.

Dean Reese and Dr. William T. Strahan also attended the lecture and reception held on January 26, 1983. Dean Reese and Dr. Strahan along with Dr. Noya and Dean Perez all addressed the assembled group. Dr. Reese was extremely proud of Dr. Van P. Thompson's performance and the cooperation of all our alumni in Puerto Rico. As usual, we were fortunate to have the help and cooperation of Dr. Luis Toro and Dr. Carlos Noya, and congratulate them, on the outstanding success of the meeting. J.P.C.

OFFICIALS

Left to right: Dr. Van P. Thompson, Lecturer, Dean Errol L. Reese, Dean Bienvenido Perez, Dean, Dental School, University of Puerto Rico, Dr. Angel M. Otero, President, Colegio, Puerto Rican Dental Association, Dr. Joseph P. Cappuccio, Assistant to the Dean for Alumni Affairs.



Dr. Van P. Thompson delivering lecture on the Maryland Bridge.

Puerto Rico Alumni Section Reception and Dinner
Segovia Restaurant
San Juan, Puerto Rico
Wednesday, January 26, 1983

Once again, a successful Puerto Rico Alumni Section Reception and Dinner was held in San Juan on Wednesday, January 26, 1983. Approximately 100 people were in attendance: alumni, wives and special guests. Local arrangements were made by Dr. Luis Toro, President of the Alumni Section, ably assisted by his lovely wife, also Dr. Carlos Noya and Dr. Orraco.

Invited guest included: Dr. Errol Reese, Dean, Dr. & Mrs. William T. Strahan, President of the Association, Dr. & Mrs. Angel M. Ortero, President, Colegio, Dr. & Mrs. Ashur G. Chavoor, Trustee, 4th District of the ADA, Dr. & Mrs. Abraham Cobern, Trustee, 2nd District of ADA, Mrs. Burton Press, wife of the President of the ADA, Dean Perez, of the Dental School University of Puerto Rico and his wife, Dr. Van P. Thompson, Lecturer, and Dr. Joseph P. Cappuccio.

Many of our invited guests addressed the group and brought greetings from their respective groups. President Toro, presided at the dinner. Dr. Strahan, President of the Association brought greetings from the Association and the plans for Alumni Week this coming May, 1983. Dr. Noya, a very beloved graduate of our school also addressed the group.

The highlight of the evening was the presentation by Dean Reese, who outlined various innovative programs at the dental school and some special plans for future projects at the school. He thanked the Puerto Rico Alumni for their enthusiasm, support and loyalty. He was extremely pleased with the great success of the Maryland Bridge lecture which attracted a record crowd of 500 people. This was due to the tremendous job of Dr. Toro, Dr. Cappuccio, Dr. Noya, Dr. Ortero, Dean Perez and so many other individuals who helped to make the entire day a huge success.

Dean Perez a graduate of our school in 1958 addressed the group. He was extremely proud of the Alumni Association and our Alma Mater on our great success this year in Puerto Rico. His School had just completed a site visit on Accreditation by the American Dental Association and he was extremely happy with the results.

The group was addressed by Joe Cappuccio, who has a very strong following in Puerto Rico. He outlined many new projects in store for our Alumni such as International Dental Seminars and Regional Continuing Education courses. He emphasized the great cooperation that he has been receiving from Dean Reese and the Alumni Association toward making the Association a more viable and strong alumni association. He thanked and congratulated the Puerto Rico Alumni Section on their great success. He paid special tribute to Dr. Toro, Dr. Noya and Dr. Chavoor, who has served the profession so well as the trustee of the Fourth District of the American Dental Association and was making his last official visit to Puerto Rico. The Association and the profession are much indebted to Dr. Chavoor for his great contribution to dentistry.

J.P.C.

A NEW DEAN

Dean Bienvenido Perez, '58

The Alumni Association is very happy to announce that another graduate of our school is serving as Dean of a dental school. Dr. Bienvenido Perez, class of 1958, is the Dean at the Dental School, University of Puerto Rico. He was appointed to his position in 1981 following his discharge from the army.

Dr. Perez following his graduation from Dental School received specialty training in Oral Pathology. He served as an Oral Pathologist in the U.S. Army and after a distinguished career rose to the rank of full Colonel.

During the past two years, Dean Perez has been upgrading the academic program at his school.

He has assembled an outstanding faculty and student body, consisting of many graduates of our alma mater who are helping Dr. Perez with his program.

Recently, the Dental School in San Juan, had an accreditation site visit. It appears that the program unofficially received a positive report. This was, of course, good news for Dean Perez and his faculty.

He has been extremely active in the affairs of the Puerto Rico Alumni Section of our Association. Dr. Perez cooperated and helped to make the recent lecture on the Maryland Bridge in San Juan on January 26, 1983 a huge success.

THE HISTORY OF THE ALMA MATER

We who are graduates of the B.C.D.S. Dental School University of Md., "the oldest dental school in the world" are heirs to a unique heritage and rightfully take pride in and have respect for our history. After all history is what makes us unique. So if history is important, then the accurate reporting of that history is also important. With that thought in mind, the following is an on the scene reporting of the founding of the "Alma Mater" the official publication of the Alumni Association in March 1959.

Prior to 1959, the keeping of alumni records was haphazzard at best, and while we had an intact organization we had no formal repository for our records, hence much of what might have been historically important, found no permanent home.

At that time, news relative to the Association and its members, were relegated to several pages in the school's "Journal," whose editor had the final say as to what would, or would not be permitted to go into the Journal, including those pages allocated to us. As you can well imagine, under the circumstances disagreement arose over what alumni news should be reported, and as there seemed no room for compromise, the Alumni Association was placed in the awkward position of take it or leave it. An intolerable situation.

It's worth pointing out, that during this period, the general attitude of the school toward the Alumni Association, was not too enthusiastic; the association was regarded as somewhat of a meddler in school affairs.

In 1959 while Dr. Edwin Gale was serving as president, our constitution was revised and the association was fast becoming more active, both within the profession generally, but particularly with the formation of sectional alumni groups along the east coast. It became increasingly clear that the association needed a voice of its own so it was decided that we would publish an independent journal, to be called the "Alma Mater", which seemed an appropriate name for an association of graduates from "the first dental school in the world.

Kyrle W. Preis,
Editor

THANKS

The Alma Mater is approaching its 25th Anniversary and now might be an appropriate time to thank those, without whose help and willing cooperation such an undertaking could not be successful.

So to Dean Errol Reese, his gracious office staff, particularly Nell Savopoulos "assistant to the dean for fund raising and development"; Beverly Armiger; Cheryl Metzger R.D.A. M.S. chairperson of the Dept. of Dental Hygiene; Photographer Richard Elliott "Department of Educational and Instructional Resources;" and the officers of the various dental classes, we say thanks. All alumni officers know of their valuable help, but the general membership may not, so we wish to publicly acknowledge their assistance.

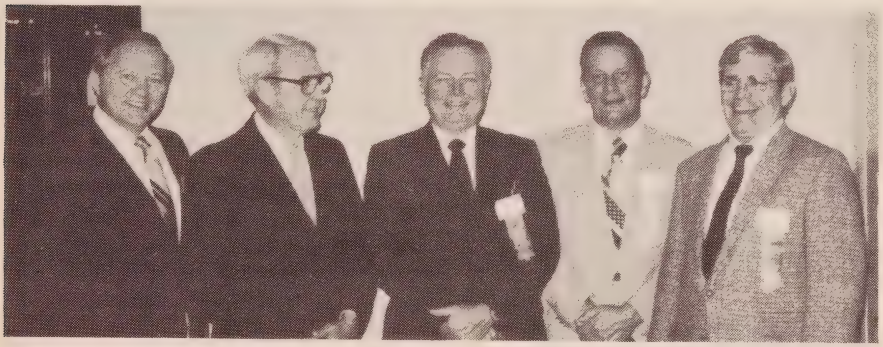
If 4 handed dentistry is good for the profession, think what all these hands mean to your Alma Mater.

Editor

Maryland Alumni involved in Meeting prior to Chicago Midwinter February 1983

The Academy of Operative Dentistry held its Twelfth Annual Meeting on Thursday and Friday, 17 and 18, February, 1983. The administration and clinical sessions were located at the Westin Hotel in Chicago. Paul H. Loflin, '48, Beckley, WV, served as President of the Academy in 1982. Jose E. Medina, '48, Gainsville, FLA, serves as Chairman of the Certifying Board of the Academy. Harold R. Stanley, '48, also of Gainesville, FLA, was an essayist and also received the Hollenback Prize for outstanding research.

Membership in the Academy is primarily in three categories. Approximately fifty percent of the members are involved in education, the armed forces, and other institutions; the remaining fifty percent are in private practice. The Operative or Restorative Department of nearly every dental school in the United States and Canada is represented by the membership in the Academy. Many countries of the world are represented by membership such as Sweden, England, Ireland, Germany, France, Egypt, Australia as well as Mexico, Central and South America.



Shown left to right are Hunter A. Brinker, '55, Orlando, FLA, essayist at Academy of Operative Dentistry session in Chicago, 17-18 February, 1983; Paul H. Loflin, '48, President of the Academy 1982; Harold R. Stanley, '48, essayist and recipient of Hollenback Prize; Jose E. Medina, '48, Chairman of the Academy's Certifying Board and Lawrence L. Clark, '61, Jackson MS, newly elected Vice-President.

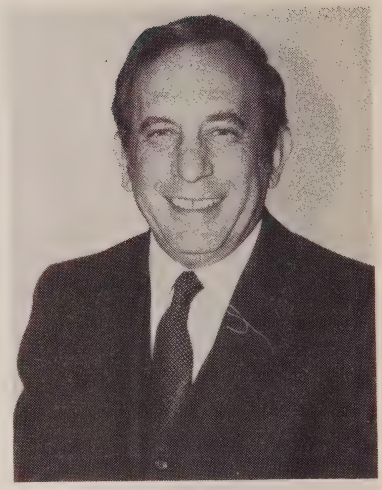
Also involved were Hunter A. Brinker, '55, Orlando, FLA, essayist, and Lawrence L. Clark, '61, Jackson, MS who was elected Vice President of the Academy after serving three years as Counselor on the governing Board.

Honored

Dr. Harold R. Stanley, '48, professor and chairman of the Department of Oral Medicine in the University of Florida's College of Dentistry, has received the Hollenback Memorial Prize, given annually by the Academy of Operative Dentistry to recognize researchers who have contributed substantially to the advancement of restorative dentistry.

In receiving the award during the Academy's recent annual meeting in Chicago, Dr. Stanley was recognized for a wide range of distinguished contributions to the dental profession. Among them was his leading role in drafting the standards which the American Dental Association and the American National Standards Institute now use as guidelines for testing every new dental material and device prior to commercial marketing. He chaired the committee which drafted the standards that were approved in 1979.

Elected



Lester L. Levin, '59

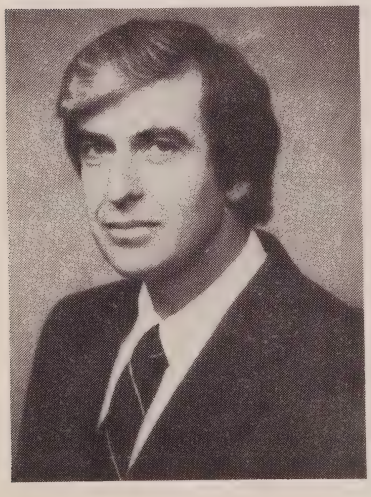
Dr. Lester L. Levin, Aston dentist, was sworn-in as President of Pennsylvania Dental Association during its 114th Annual Session recently in Lancaster, Dr. Levin, a former Vice-President of the 6500-member PDA, will assume the presidency until May, 1983.

A 1959 graduate of the Baltimore College of Dental Surgery, Dr. Levin began his Delaware County practice in 1961. He is a former president of the Second District Dental Association and the Chester-Delaware Dental Society, and has served as a committee member and delegate to the American Dental Association. He holds fellowships in the American College of Dentists and the International College of Dentists, and is a member of the American Endodontic Society and Philadelphia County Dental Society. During 1980-81, he was chairman of the PDA's Council on Dental Care Programs.

A frequent lecturer on the dental circuit, Dr. Levin has made recent trips to Barkai, Israel, as a member of the American Dental Volunteers for Israel. Actively involved in the community, his service has included the Aston Township Political Ethics and Library Committee, and chairman of the Drug Abuse Education Committee for the Aston-Middletown Jaycees.

A former captain in the United States Air Force, Dr. Levin is a native of Baltimore. He and his wife, Linda. reside in Chadds Ford.

Elected



George J. Goodreau, '62

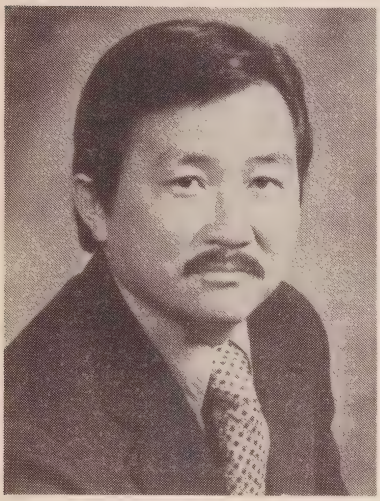
The Alumni Association is very proud to learn that Dr. George J. Goodreau of Panama City, Florida is serving as President of the Florida Dental Association. Dr. Goodreau has been extremely active in the affairs of the Florida Dental Association for many years serving in many capacities leading to the Presidency of the Association. He was a delegate to the Florida Dental Association House of Delegates and the American Dental Association House of Delegates. The Presidency of such a large dental association is a very important and prestigious position.

The Florida Dental Association will hold it's 100th Anniversary Meeting this year in Orlando, Florida at the Sheraton Twin Towers Hotel. It would be a good time for graduates of our School to attend the meeting while Dr. Goodreau is serving as President.

The meeting is scheduled for May 18-23, 1983 at the Sheraton Twin Towers Hotel. The Association wishes to congratulate Dr. Goodreau upon his election as President of the Florida Dental Association.

DR. SANFORD K. KAMEZAWA

President of the Hawaii Dental Association



Sanford K. Kamezawa '61

The association is extremely proud to have one of its members serving as President of the Hawaii Dental Association. Dr. Kamezawa is still another Maryland graduate distinguishing himself in a leadership role.

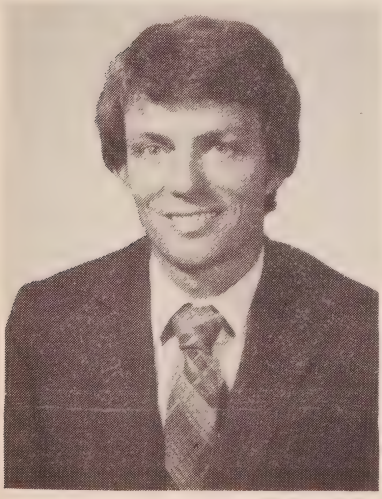
Dr. Kamezawa has been extemely active for many years in the affairs of the Hawaii Dental Association. He has served in the various chairs of the association leading to the Presidency. This year Dr. Kamezawa represented the Hawaii Dental Association as a delegate of the ADA House of Delegates in Las Vegas, Nevada.

During the Las Vegas meeting, Dr. Kamezawa and Dr. Cappuccio met to discuss the 80th Annual Session of the Hawaiian Dental Association in Honolulu on January 9 through 13, 1983. The idea was developed to plan an all day alumni program on Saturday, January 8, 1983 at the Hilton Hawaiian Village Hotel. Dr. Cappuccio suggested a seminar on the "Maryland Bridge" by Dr. Van. P. Thompson. This program will establish the commemorative lecture for the Warren T. Wakai Memorial Lecture series which will be given this year for the first time.

The Warren T. Wakai Lecture is in honor and in memory of the founder of our Alumni Section in Hawaii. At this 80th Pan Pacific Conference, both Dr. Cappuccio and Dr. Press will be lecturers.

The Association wishes to congratulate Dr. Roy Naito, Dr. Kamezawa and Dr. Cappuccio for establishing the first Warren T. Wakai Memorial Lecture. The Association is very proud of Dr. Kamezawa's election to his high office.

Farout

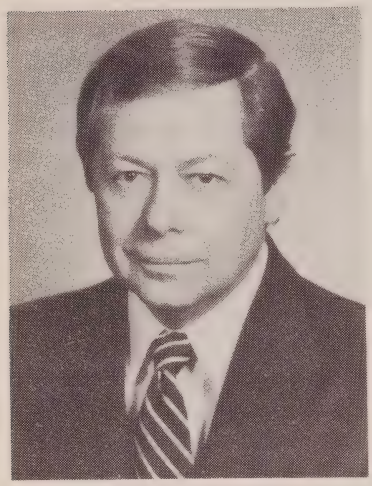


Eric Hovland, '72

Dr. Eric J. Hovland, director of undergraduate clinics and member of the endodontics faculty of the Dental School, University of Maryland at Baltimore, was invited by the Kenyan Dental Association to participate in that nation's Fifth International Dental Seminar in Nairobi, October 22 - November 9. He was accompanied by Dr. Van Thompson, director of dental materials and member of the fixed restorative dentistry faculty of the UMAB Dental School.

In addition to presenting lectures on their specialties, Drs. Hovland and Thompson traveled with other dentists to rural areas of Kenya, helping to give dental examinations, and following the week-long formal conference, went on a camera safari arranged by their hosts. They are among a very few Americans attending the event, which was coordinated in part by Dr. George R. Owino, A Kenyan dentist and a 1975 graduate of the UMAB Dental School.

Elected



J. Richard Crouse, '61

Dr. J. Richard Crouse, a veteran dental practitioner in Frederick city and well known leader in Frederick County civic affairs, is the new president of the Maryland State Dental Association.

A graduate of Hagerstown public and parochial schools, Dr. Crouse received his higher education at the College of William and Mary, Shepherd College and the University of Maryland School of Dentistry.

Following his graduation from the UMD dental school in 1961, he accepted a position on the UMD faculty for one year and then moved to Frederick where has been in private dental practice since.

Dr. Crouse is a member of numerous Frederick city and county clubs and civic organizations as well as active in county, state and honorary dental societies.

Among professional groups with which he is affiliated are the Frederick County Dental Society, of which he served as President in 1967; the American Dental Association; the American College of Dentists; and the Pierre Fauchard Academy.

Dr. Crouse has been the recipient of several progressional and civic awards, including the Thomas Eader Award presented periodically by the Frederick County Dental Society for outstanding service to the community; and in 1980 was given the state Governor's Award of Merit for his efforts in promoting employment of the handicapped.

With his wife, former Joan Walden of Hagerstown and five children, Dr. Crouse resides in the Braddock area of Frederick County.

Elected

Dr. Robert W. Haroth, Associate Professor and Assistant Dean for Continuing Dental Education was recently elected President Elect of the Eastern Conference for Dental Education. Dr. Haroth has been extremely active as a member of the faculty of the dental school for many years. He has served on many committees and has been a faculty leader in many projects at our School. Dr. Haroth has carried out many assignments for the Baltimore City Dental Society and the Maryland State Dental Association. He has been very active in alumni affairs serving as Assistant Secretary of the Association to Dr. Cappuccio.

After the retirement of Dr. Charles R. Pridgeon, Dr. Reese, asked Dr. Haroth to assume the Directorship of the Continuing Education Program at our Alma Mater. The Continuing Education Program has been extremely successful at the School under his leadership. This program is vital to our graduates and dentists throughout the Country. There have been many innovations since Dr. Haroth took over the Program. His recent election to President Elect of the Eastern Conference for Dental Education has been a recognition by his peers in the area of Continuing Education.

The Alumni Association is very proud of Dr. Haroth's contributions to his profession and especially to the field of Continuing Dental Education. The Association wishes to congratulate Dr. Haroth on his recent election.

HONORED

Bernard Gordon, '48

The Alumni Association is happy to learn that Bernard Gordon has been honored "Man of the Year" by the American Academy of General Dentistry. It's hard to imagine a more worthy recipient than Dr. Gordon as few men in dentistry have been more unselfishly devoted to his profession. Never seeking honors, always willing to do what needs be done in a cheerful, optimistic manner bringing enthusiasm and joy to all his endeavors. Such spirit is contagious and on more than one occasion, helped put a brighter perspective on an otherwise dismal situation. He is a man with a mind of his own and one who can effectively articulate his beliefs.

Dr. Gordon graduated from the B.C.D.S. in 1948, and took Post Graduate Course at the University of Pennsylvania Dental School. He has served on all the important committees of the Baltimore City Dental Society as well as the State Dental Association. He is a past president of the American Association of Dental Editors and has written numerous editorials on all phases of Dental practice. He is the current editor of the Maryland State Dental Journal and has been honored with membership in such prestigious organizations as the American College of Dentists, the International College of Dentists and the American Academy of General Dentistry. The dental school and the Alumni Association is proud of the achievements of Dr. Gordon and wish him continued success in the profession he loves dearly.

ELECTED

Frank Pavel of San Diego was elected President of the American Board of Oral and Maxillofacial Surgeons. The Board establishes fitness and competency criteria and examines and certifies qualified candidates. Dr. Pavel is an Associate Clinical Professor of Surgery at the University of California at San Diego Medical School and is in private practice in San Diego. He is an internationally recognized authority on the surgical correction of dentofacial deformities.

Frank Pavel, Jr. '48

Honored

Jack D. Robertson, '51

Dr. Jack D. Robertson, a 1951 graduate of the Baltimore College of Dental Surgery, University of Maryland School of Dentistry retired from the U.S. Public Health Service on March 1, 1982 ending a distinguished career of 31 years as a Commissioned Officer. Dr. Robertson, a U.S. Public Health Service Commissioned Corps Officer had been Deputy Chief Dental Officers since 1974. In addition he has served as assistant to the Chief Dental Officer from 1962 to 1967, Special Assistant to the Deputy Surgeon General from 1979 to 1981 and Acting Dental Officer from 1981 to 1982.

In recognition of his immeasurable and invaluable contributions to the careers of Public Health Service dental officers, the Public Health Service Dental Career Development committee established the Jack D. Robertson Dental Award. This award consisting of an engraved plaque will be bestowed annually upon dental officers who have demonstrated outstanding leadership abilities and achievements in the Public Health Service. The plaque which is inscribed with Dr. Robertson's name and which contains space for the inscription of names of future awardees is displayed in the Office of the Chief Dental Officer, in the Parklawn building in Rockville, Maryland.

On June 15, 1982, during the 7th annual Department of Health and Human Resources Dental Conference, the first Jack D. Robertson Dental Award was presented to Dr. William Bock of the Centers for Disease Control, Atlanta, Georgia in recognition for his achievements in the implementation and direction of a national fluoridation grant program which in two years of operation provided the benefits of water fluoridation to an additional 11 million Americans.

Tullio F. Albertini, D.D.S., M.P.H.

Elected

The Alumni Association was happy to learn that Dean W. Robert Biddington, one of it's distinguished members and a graduate of the Class of 1948 was elected President of the American Association of Dental Schools. Dr. Biddington served with great distinction and honor as Professor and Head of the Department of Endodontics at our Alma Mater for many years. He was extremely active in organized dentistry in Maryland before he returned to his native state to take over the Deanship of the University of West Virginia. He has instituted many progressive and meaningful programs that have distinguished his School as a successful institution in the field of dental education.

Dean Biddington has carried out many assignments for the American Dental Association and the American Association of Dental Schools with great distinction.

ADMINISTRATION OFFICE
212 E. Lexington Street • Baltimore Maryland 21202 • (301) 752-4008 / Washington, D.C. (202) 554-5553

Dear Doctor:

Now is the time to analyze your financial expectations.

Please categorize yourself.

☐ 1. I am currently participating in the MIDAS Plan but have yet to "rollover" to the *new* and *improved* MIDAS Plan.

☐ 2. I have completed a rollover to the new vastly improved MIDAS Plan.

☐ 3. I am not currently participating in MIDAS.

A revolution has been occurring in the life insurance industry. Life insurance, annuity and retirement products that were excellent products just five (5) years ago are now outmoded and expensive when contrasted with products that your new MIDAS Plan can include!

The new, vastly improved MIDAS Plan is designed to respond to this revolution. Now, for the first time, MIDAS can incorporate Universal Life!

If you fall within any of three (3) foregoing categories, *do not hesitate* to have our MIDAS administrators earn their keep. Have them configure your MSDA sponsored MIDAS plan in the way that is best for you. Call Tom Marney, Bryan Lau or Bob Laubach *NOW* at 752-4008 or 554-5553 (in D.C.). Let our experts help you do what every dentist should do more cost effectively.

Sincerely,

THE MIDAS TRUSTEES

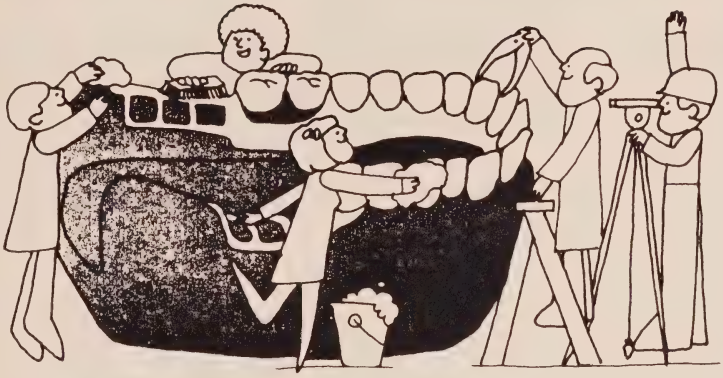
Coopercares



Cast Department

It takes a little time to do it, but a Vitallium casting can be a piece of jewelry as well as a functioning prosthetic device. Given the necessary working parts and a reasonable amount of time, the nice ladies and gentlemen in our Vitallium (and gold) casting department welcome the opportunity to show you what they can do. Swinglocks, Centerpoise frames, precision and semi-precision attachments and our Economy-Plus partials give you a wide variety of services and price ranges from which to choose. And don't forget that free Design & Estimate Service (except on Economy cases.)

THE FULL SERVICE LABORATORY

Your patients expect and deserve the best. Otherwise, they become another doctor's patient. So you cannot afford to demand anything less than the best from your dental laboratory.

Take a hard look at your present dental laboratory and the services they provide. Do they offer you all the services you need, or do you have to call different labs for different services because of limited capabilities? Do their production schedules meet your requirements? Are their prices outrageous? Can they handle your intricate and detailed prescriptions?

Aronovitch Dental Laboratories has the reputation for being the best . . . that's why we've become one of the biggest labs in the Baltimore/Washington area. We are a full service laboratory providing prosthetic and restorative services that cover the complete spectrum of general dentistry. From fabricating porcelain fused to gold, porcelain jackets, non-precious crowns and bridges, removable partials and full dentures or "precision" removable partials . . . give your patients the best.

QUICK DAILY PICK-UP DELIVERY SERVICE IN BALTIMORE/WASHINGTON/SURROUNDING AREAS

Healthco
OFFERS ALL 3 TYPES OF ENDODONTIC INSTRUMENTS.
CHOOSE THE TYPE THAT SUITS YOU BEST.

DELUXE LINE INSTRUMENTS

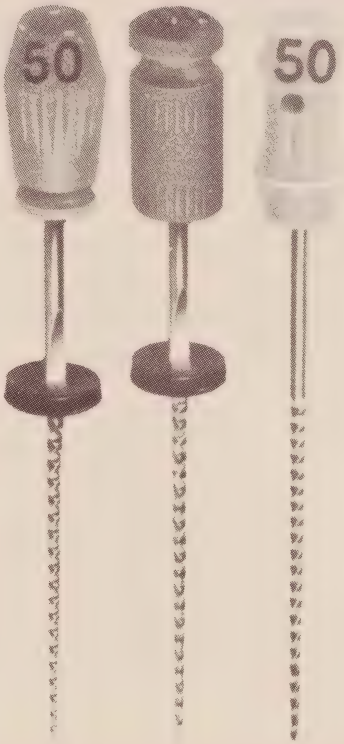
Anodized aluminum handles with timesaving pre-inserted rubber stops

Plastic handles with timesaving pre-inserted rubber stops

Handles.
Anodized aluminum or Tac-TL-Grip™ plastic. Contoured and ribbed for non-slip grip. Anodized aluminum handle assures maximum dexterity with minimal finger fatigue. Plastic Tac-TL-Grip handles have same comfortable "feel" in the hand to provide maximum maneuverability and tactile sense. Both types of handles are smooth, finely finished, lightweight for optimum balance. Color-coded, sized and numbered in compliance with ISO/ADA specifications.

Blades.
Precision turned from highest grade, corrosion-resistant stainless steel, made to exact ISO/ADA standards for dimension, length, taper and torque resistance. Honed to produce super-sharp cutting flutes. Strong, yet flexible enough to adapt to curved or irregular root canals with minimum metal fatigue. Contoured tip reduces chance of apical damage.

Packaging.
6 instruments per package, sizes 8-140; 6 assorted, sizes 15-40, 45-80, 90-140. For Deluxe instruments, specify "Tac-TL-Grip" plastic or anodized aluminum handle; 21, 25 or 29mm length.



ARISTOCRAT ECONOMY LINE INSTRUMENTS

Plastic "hourglass" handles, superflexible blades, no rubber stops on instruments

Introducing a simplified line, in the most popular sizes only, with superflexible blades, an exceptionally comfortable plastic handle, and without pre-inserted rubber stops. Available in standardized files, reamers, Hedstroem files.

Handles.
Contoured, ribbed plastic in comfortable "hourglass" shape for firm grip, easy maneuverability. Color-coded, numbered and sized to ISO/ADA specifications. Lightweight for optimum balance and minimal digital stress. Molded precisely to cutting blade. Hole for dental floss or safety chain, as a precaution.

Blades.
Superflexible — more flexible than conventional blades, for maximum maneuverability with minimum metal fatigue, particularly in curved or irregular-shaped canals. Precision turned from finest quality corrosion resistant stainless steel. Honed to yield sharp-cutting flutes. Contoured tip for precise apical manipulation.

Color-coded packaging.
Red = Files, Orange = Reamers, Yellow = Hedstroem Files.

Packaging.
6 instruments per package, files and reamers sizes 8-50 (21mm and 25mm lengths), Hedstroem files 8-50 (25mm length only).

In addition, Healthco can complete your endodontic needs with a full selection of barbed broaches, paste fillers, gutta percha cones and absorbent points.

For a free copy of the new Healthco illustrated endodontic supplies brochure, contact your Healthco representative, or write us directly.

If you're still buying from mail-order, why are you smiling?

Few things are as frustrating as . . .

Slow delivery.
Minimum orders.
Dated merchandise.
Too many back orders.
Often paying in advance.
Feeling like just a number.
People not caring anymore.
Difficulty in returning goods.
No personal service . . . of any kind.
Getting no practice management ideas.
No experienced service repair personnel.
Dealing with people who are order takers.
No real equipment or office design experience.

Want relief? Quick . . . take an Alka-Seltzer! Then call Lockwood Dental Co. where improving your practice is our practice. We've got the most talented people around to help you start smiling again.
